Euphoria[®]

As a company, we have been operating in the field of Building and Decoration with more than 10 years of experience and approximately 17 years of experience in the sector. As company, it is our primary principle to always create the best conditions for our business partners with the principle of unconditional customer satisfaction. We have succeeded in creating our brand awareness in many countries by producing special designs and solutions for our business partners.

We are proud of being the leading company that contributes to the sector with new products, models and coloring studies in our R&D department.

In addition to our production of SPC flooring, SPC wall panel, PVC interior and PVC exterior wall panels, we serve our business partners in approximately 40 countries with the contract manufacturing and supply chain of many building decoration materials, especially MDF wall panels and MDF skirting boards.

INTERIOR

PS Wall Profile

100%
WATERPROOF

Be the architect of your home with paintable wall profiles. Paintable decorative polystyrene wall profiles will add depth and art to your walls.

In addition to being paintable, the fact that it is not affected by water at all will be one of the biggest reasons for choosing it.

Installation grooves make it easier to install by allowing you to use any type of adhesive. Similar to wood, it can be cut, fastened, or screwed.

INTERIOR

PS Skirting Board

100%
WATERPROOF

With paintable PS skirting board you can be the architect of your own home. Paintable decorative polystyrene skirtings will give your walls dimension and art. Aside from being paintable, one of the main reasons for picking it is that it is not damaged by water at all.

EASY INSTALLATION

The installation of Linerio panels is quick and easy. They are mounted with glue and can be easily cut to the desired size using a saw or jigsaw.

LOW WEIGHT

Linerio panels are made of polystyrene. This makes them light, which means that the transport and mounting of the product are very easy.

IMPROVE SOUNDPROOFING

Thanks to the material they are made of and their spatial structure, the panels soundproof the interior and eliminate reverberation and echo in large rooms.

EASY TO KEEP CLEAN

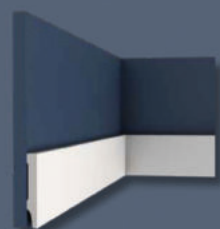

To clean the panels, use a damp cloth with a mild detergent.

RECYCLABLE

Linerio panels are made of fully recyclable material.

EXTERIOR

WPC Decking

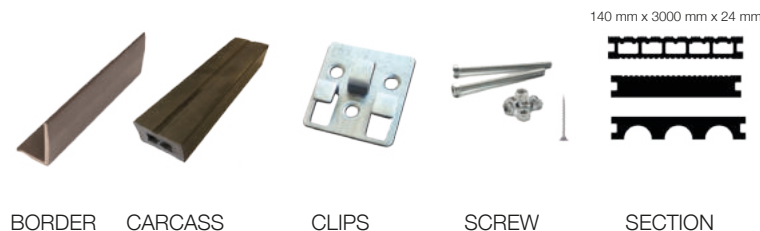

The deck systems we produce with high quality wood particles and special surface treatments provide a safe and non-slip surface on terraces, poolsides, marinas and all wet places. Because of the hidden clip system, composite decking applications, whether stainless steel or plastic, are a robust, quick, practical, and excellent solution. This technique also allows you to update the profile without causing any harm.
