

Position: Stonemason (Traditional Hindu Temple Restoration)

Employer: Shri Shiva Mandir Ltd

Location: Minto, NSW

Employment Type: Fixed-Term Project Engagement

Shri Shiva Mandir Ltd is seeking experienced Stonemasons to assist with the 3rd Maha Kumbha Abhishekam Restoration and Temple Architectural Enhancement Project.

Key Responsibilities:

- Construct and restore traditional Hindu temple architectural features.
- Build and finish decorative temple pillars incorporating traditional Hindu architectural designs.
- Undertake restoration and repair of existing temple shrines and structures.
- Construct ceremonial infrastructure including Yagasala Kundams.
- Apply traditional masonry techniques using brick, lime mortar, cement render and reinforcement materials.
- Ensure all works are completed in accordance with traditional Hindu temple architectural requirements and project specifications.
- Work closely with temple management and supervising Sthapathi to maintain architectural integrity.

Essential Skills and Experience:

- Demonstrated experience in stonemasonry, temple construction or heritage restoration projects.
- Experience constructing decorative pillars, relief work and architectural features.
- Experience in heritage restoration, decorative stonemasonry or temple construction projects.
- Experience constructing decorative pillars, relief work and architectural features.
- Experience working with lime mortar, render finishes and ornamental masonry.
- Experience working on religious, heritage or culturally significant structures will be highly regarded.
- Knowledge of traditional Hindu temple architectural styles will be highly regarded.
- Ability to read and interpret drawings and construction specifications.
- Strong attention to detail and commitment to workmanship quality.

Salary:

Competitive remuneration commensurate with skills and experience.

Applications:

Interested applicants should submit their resume and details of relevant experience.
