

Our Best Friends

They are our best friends
All we have to do is open our heart
and let them in

They want to be with us 24 7
They are truly our best friend
A gift from heaven

Every morning they greet us with
A bark and whine
They want to be with us
All of the time

**They will be waiting
For us at the rainbow bridge
Tails wagging with bright eyes
Once again to take their
Place by our side**

**Their love is unconditional
Its their guarantee
They will be there waiting
For you and me**

If they could talk
I wonder what they would say
To stay with us forever
They wouldn't want it
Any other way

They are loyal and always true
They don't lie or get angry
To them its all about
Being with you

They like to play ball and
Fetch whatever you throw
As always, they give it their all

Repeat Chorus

On earth they are only with us for a short time
But when we join them, at the rainbow bridge
Their love for us will shine

We will go through life
Together through the ages
Our trusted companion
Our wisest sages
They will be waiting

Repeat Chorus
