Subject: Truth

At the February 2, 2022 Patriot meeting, I announced that I would no longer be attending bi-weekly meetings due to the misdirection and actions of 2-3 people. Since then, I have received several inquiries from attendees about whether I was no longer a "Havasu Patriot" and clarification about my "religious" and "political" ideologies. Most of these inquiries were from people who never attended any of my Natural Law presentations, nor truly understand what the mission of the Havasu Patriots is and is **NOT**.

This statement is for those Patriots who do not truly know me personally and for the attendees of the newly formed "**HavaPatriots**" meetings. Hopefully this statement will clarify for all my commitment to "patriotism", and my political and religious ideologies. MOST IMPORTANTLY, this statement is intended to clarify the TRUE mission of the Havasu Patriots. Please bear with me as the message I have been trying to get across cannot be conveyed in a few words, so I will try to be as concise as possible.

I do NOT identify as religious nor political, but I am SPIRITUAL. The problem I and others in our group face is that even people in our Patriot movement are intent to put people like me in boxes and slap a label of "Christian" or "Republican" on me simply to gauge if what I have been saying aligns with their "beliefs" and what they perceive as "truth". I've said this multiple times, "This is not about your beliefs, and this is not about my beliefs". This is about what you KNOW and understand to be true and what ACTION you take based on what you KNOW. That is the definition of true wisdom.

This is about what you know- knowledge. Knowledge of *what* you may ask. It is the knowledge and understanding of Natural Law (Moral Law) and the degree to which YOU and humanity in the collective align our thoughts, emotions, and actions to it. I have been attempting to get people to question their BELIEFS vs. what they KNOW to be true.

The knowledge of the (seen) physical LAWS (not beliefs) of the universe, such as gravity and thermodynamics, are important to know and abide by or the consequences can be fatal. The lack of knowledge of the (unseen) spiritual laws such as Natural Law, which govern the consequences of human behavior, can be just as deadly for humanity. Natural Law has nothing to do with beliefs. It is a science. This about knowing that no real "Law" is or can ever be created by man. MAN is NOT the Creator of the Universe- this is the ONLY TRUE AUTHORITY that exists in REALITY.

Natural Law goes by many names: some call it "God's law, Divine law. Karmic law, the law of cause and effect, the golden rule, etc.....). It is the same in every true esoteric mystery tradition and religion known to man. This information (objective morality) has been occulted (hidden) from the mass of humanity to create a power differential for CONTROL of your mind. This is about the knowledge of what true freedom is vs. the slavery humanity is marching towards. The truth is that most of humanity is living in illusion and their *MINDS AND EMOTIONS* have been captured. Yes, including YOURS!

Due to this mind and emotional control and the illegitimate BELIEF in the authority of government mandates, many people have given up their BODILY AUTONOMY and their right to decide what to do with it. The final target is the SOULS of humanity through their own free will complicity with the destruction of true human freedom. Not just your own freedom at stake, but the freedom of others due to your own erroneous beliefs, care, and ACTIONS in the world.

At the last meeting, I posed the question directly to the person pushing a particular flavor of *religion* as the solution. The question to this person was, “How are you going to fight EVIL if you can’t define it or recognize it in your presence”? I have yet to receive a response, but “praying” our way out appears to be the suggestion.

I have repeatedly encouraged people to read Jeremy Locke’s book which I posted to our website, “The End of All Evil”. I agree with Locke’s definition of evil:

“Evil is the destruction of freedom”.

In my presentations, I borrowed a Working definition of Natural Law by Mark Passio:

Natural Law is a set of universal, non-man-made, binding and immutable (cannot be changed) conditions that govern the consequences of human behavior. Natural Law is a body of UNIVERSAL SPIRITUAL LAWS which act as the governing dynamics of consciousness. Our constitution was based upon the principles of NATURAL LAW.

In my presentations, I described the two pillars of Natural Law as:

1. The principle of non-aggression. “Do no harm” (the Sacred Feminine principle) and
2. The principle of self-defense. “Take no shit” (the Sacred Masculine principle).

Does this statement or the things I have spoken about in meetings make me “religious”? Nothing in what I said constitutes religious dogma or doctrine. Natural law is a SCIENCE and is as predictable as gravity. Natural Law does NOT care whether you “believe” in it or not. Natural Law is about knowledge of the OBJECTIVE MORAL Law that governs the consequences of behavior (of individuals and society in the aggregate).

How can I prove this statement? Look as far as the current condition of humanity and ask yourself, “Are humans more free or less free than just two years ago? We are reaping the consequences of failing to KNOW and abide by this law. Humanity is in the condition it is in because throughout history, we have collectively through nescience (the knowledge was kept hidden from you or you never had access to it) or ignorance (you knew the truth and “ignored” it due to apathy or cowardice). Most people reading this will say to themselves, “This doesn’t apply to me, I’m a good person”. Those who attended my presentations will recognize the Wizard of Oz allegory of how our own **Ignorance** (The Scarecrow), **Apathy** or lack of care (The Tin Man) and **Cowardice** (The Lion) kept Dorothy (humanity) in illusion by the Wizard (the dark occultists behind the curtain of current day). At one of the meetings, I was asked, Well, what is the solution Greg”? Here was my response:

“Stop lying to yourself about the current *condition* of humanity and your own personal role in supporting the systems of slavery”.

Natural Law	Man's law
Based Upon Principles & Truth (Inherent To Creation)	Based Upon Dogmatic Beliefs (Constructs Of Mind)
Harmonized with, due to Knowledge & Understanding	Complied with, due to Fear of Punishment
Universal; exists and applies anywhere in the Universe regardless of location	Differs with location based upon the whim of legislators (Moral Relativism)
Eternal and Immutable; exists and applies for as long as the Universe exists, and cannot be changed	Changes with time based upon the whim of legislators (Moral Relativism)

The truth is that humanity has been lied to, manipulated, and conditioned into accepting the current condition of suffering and Slavery throughout history. Some may respond, "I'm not suffering, and I'm not enslaved", so this doesn't affect me!" First, you are WRONG/INCORRECT. This isn't about you. If you follow Christ's teachings (True Christians), you accept that if one suffers, all suffer because we are all ONE with the source of creation (The Father/Universal consciousness, God, etc....). Christ said, "My Father and I are one". Christ represented RIGHT ACTION in the world.

It is also knowledge about WHY this condition exists- the ROOT CAUSE (ignorance). Ignorance of SELF- due to Ego identification and ignorance of the reality the self exists in. I've also expressed is that one of the most important things to understand is how your thoughts, emotions, and what you "believe" become the actions you take that perpetuates this condition of suffering and slavery and many of you will still say to yourself, "This doesn't apply to me".

Stop lying to yourself.

In many of my presentations, I posed questions such as, "What is a right?", "Where do my rights come from?" "What is a wrong? Who is the ultimate "Authority"? Should some people such as kings, presidents, the ultra-rich, judges, politicians, police, be granted more rights than others? While reading these questions, do you honestly find yourself struggling to answer these questions without contradictions? What I am saying DOES apply to you! It also applies to you if you find yourself polarized in left/right politics or religious doctrine. The continued FALSE and ILLUSORY belief in a political or "religious" solution despite what you KNOW the truth is about both of those institutions and the death, destruction, and slavery they have caused throughout history constitutes LYING to yourself.

Government leaders claim to want a separation of church and state. Nothing could be further from the truth. **Government, institutionalized Religion and money** (the unholy trinity) are systems of control designed to make sure you never understand the truth and obtain true physical, emotional or spiritual freedom.

I'll ask another question sure to cause emotional responses. "How do you "identify" yourself"? Teacher?, business owner?, Doctor?, Republican?, Christian? How tolerant are you of those who don't "believe" as you do or belong to your profession? If it were up to you, what would you have the "authorities" do to those who don't believe what you do? How do you think, feel, and act towards them? How does what you SAY you are, contradict with your behavior towards others? What do you know about the role of government, religion, and money in the current system of slavery? What is YOUR role in supporting these systems?

Be honest and stop lying to yourself.

When the mission statement of the Havasu Patriots was written, those who designed and wrote it, knew we would be fighting the influences of **politics (government), religion, and money**. Both within the group and without. We knew there would be likely be efforts to infiltrate our group by those influences, which is why Bill Mitchell and I constantly repeated (ad nauseum) at every meeting what the Patriots were and were NOT about. We understood the warnings of the forefathers- Hence the mission statement:

*"The mission of the Havasu Patriots is to provide citizens of Lake Havasu City and Mohave County with resources and network opportunities regarding the organic laws of this country as well as your **rights under Natural Law**. These organic laws include: The Declaration of Independence, The Northwest Ordinance, The Articles of Confederation, and the Constitution. **Natural Law Rights** are the laws of morality that govern the behavior of humanity".*

While Bill focused on the Constitutional component, I focused on the Natural Law component. My background was in law enforcement and Bill's was in psychology.

Recently, there have been 2-3 individuals (willingly or not and with the best intentions or not) who have represented the ideologies of what is described as the "**unholy trinity**" of **government, religion, and money**. We warned about these influences and yet, like a virus, they infected the **body** of our work, and just like the corona virus, is attempting to infect the **minds** of our members as well. Hence, I made it clear I would be stepping away from the meetings, because my energy is better spent elsewhere and I am opposed to the actions of these 2-3 individuals. I also made it clear that I would **NOT** be stepping away from the mission.

First, we have the "Statists". **Statists** are hardened in their egoic **religious belief** in the authority of government (man) through a political solution to the problem: Statist *believe*, "We can VOTE our way out of tyranny if only we get the right guy/gal in office". They can't bring themselves to grasp the meaning of the true statement, "Because no men are angels, none are fit to rule!" I emphasized at the last meeting that It doesn't matter which flavor of slavery (republican or democrat) you vote for. Voting for the lesser of two evils is still VOTING FOR EVIL". I also posed the question, "Tell me when there was ever a time in history where humanity ever voted itself out of Tyranny"?

I'll say it as kindly as possible for those who still hold on to this lie. Your mind has been conditioned to believe this nonsense and you are **WRONG**.

Republicans In Name Only (RINOs)

These few individuals continued to nudge their ideologies into meetings and events, recently took control of the agenda, and have provided local politicians and those who aspire to govern, a platform that the patriot meetings were never intended to support. Even though most attendees identify as “Conservative Republican” (I used to be one of those too!), the goal of dividing this party and crushing any principles they might have once stood for has long been achieved.

Stop lying to yourself.

Christians In Name Only (CINOs)

Second, we have the religious zealots who want to make the meetings about their specific brand of “Christianity”. I distinguish TRUE (Esoteric) Christianity from the false (Exoteric) version given to the masses by organized religion. I KNOW and understand the esoteric teachings of the historical figure Jesus, the Christ. I also KNOW and understand Christ’s purpose and what it means to strive to obtain Christ consciousness. I assert that it is exactly the lack of the consciousness (knowledge of moral law), that is the real crisis among those who proclaim to be “Christians”.

Most “Christians” believe they know all they need to know about spirituality and salvation and “plant their flag half-way up the mountain” and wait for Christ to do the rest. “As long as I *believe*, that is all that is required’. Christ taught that you cannot “PRAY” your way out of slavery and “you will be known by your ACTIONS”. Christ was a true anarchist who fought against government, religion, and money. The three killers of Christ- The unholy trinity.

Some people criticized my passion during the meetings and mistook it for anger. They are not wrong and I don’t apologize. I am angry, but it is a righteous anger at the behavior of those who do not have the courage to challenge their beliefs and the damage they are doing to the work that the original founders of the Patriots worked so hard to achieve. To be clear, there are NO ORIGINAL FOUNDERS OF THE HAVASU PATRIOTS ATTENDING MONTHLY MEETINGS ANY LONGER.

An example of the misguided actions of some of these patriots was mentioned at the February 2, meeting. In short, and by their own statements, several Patriots who espouse both **Republican** and **Christian** ideologies recently attempted to “*call all patriots*” to action. The purpose was to support the ACTIONS of 2-3 individuals in driving a group promoting COVID testing from a local event. Their intent and ultimately their actions consisted of using a bullhorn to **coerce** and intimidate these people into leaving. The police were called and one patriot even “feared arrest”. After chastising those who ignored the call to action, these same people proudly proclaimed a “victory” because they drove those of a different belief from spreading their “false belief”. Make no mistake, this was **NO victory** and likely alienated event attendees who heard and saw the behavior, the people promoting testing who were driven away, and likely local law enforcement.

Who exactly was educated as part of our mission in this instance? What lesson was learned? Does a victory mean that a **louder** voice is what is important, not WHAT is said? These same “Christians” then promote division between other Christian faiths by pointing out the “sins” of congregations that offer Covid testing in Patriot e-mail newsletters. Their BEHAVIOR is no different than those who attempt to censor the beliefs of those different than their own through intimidation and coercion. The outcome is the same- division, not unity. By INITIATING HARM through their **coercive** actions, these “Patriots” were in violation of natural law and to this day are ignorant of the harm they caused.

ONE MORE TIME FOR THE CONSCIOUS CHALLENGED! This is NOT about pro-vax/anti-vax, pro-mask/anti-mask, republican/democrat, Christian/non-Christian, or the myriad of other ways you are locked in ego identification (your own mental cage). Question your beliefs and the things you previously “believed” to be true. If you can’t do that honestly and STOP contributing to your own enslavement and that of others- you are **NOT** a Patriot by the true definition and you possess a very low level of consciousness.

Get as upset about that statement as you please, then get over it and commit to stop lying to yourself.

Patriots In Name Only (PINOs)

Then there are one or two individuals who want to make this about notoriety, which may or may not translate into profits and money. The Havasu Patriots website and go-fund me link has been the primary source of contributions since the beginning. People can donate anonymously if they choose and it was never intended to be augmented by ***T-shirt and book sales, medical products, memberships to any organization, or a donation bucket at meetings.*** The purpose of this fund has always been to support the website and content, and legal fees in the event of a suit for freedom worthy of filing ever materialized or to protect our legal status as simply a provider of “education”. All donations and expenses are trackable and documented. Those funds have not been available to support reimbursement of personal expenses for copies, promotional items, or sponsor political events because they are NOT intended for that purpose. Read the stated purpose on the GO fund me page.

Here is the ROOT of the problem: MOST “freedom fighting people” are completely ignorant of Natural Law and through this ignorance, contribute to evil because they can’t even identify it to begin with. I define evil as an involutory force (as opposed to the evolutionary force in creation) that binds humanity back from evolving in human consciousness by trapping you in an egoic mindset. I do not subscribe to the common Christian, Islamic, Judaic, or any other institutionalized religious version of what Satan, the Jinn, Lucifer, etc.. is and is not. I have studied many religions comparatively for many years. For those in attendance at one of the meetings where I spoke about the topic of satanism and gave the TRUE tenets of this ideology in order:

1. Egotism/Solipsism (the belief that only me and my thoughts exist in reality and truth is subjective to whatever I believe).
2. Moral relativism: the belief that morality: right and wrong is subjective and based on what “I” believe to be right or wrong. In other words, MAN (politicians, clergy, elites, etc..) should be the arbitrators of right and wrong, not the creator of the universe. Natural Law is UNIVERSAL, OBJECTIVE, IMMUTABLE, and governs the consequences of behavior based on alignment with it or against it. This is the point I was attempting to drive home about voting or praying for someone else to deliver your way out of tyranny. Either serve man or serve the creator of the universe. “You cannot serve two masters.” Stop lying to yourself.
3. Social Darwinism: the belief that the wealthiest, smartest, most politically inclined, or most ruthless (survival of the fittest) should be allowed to rule.
4. Eugenics (or dysgenics): the belief that the people above should get to decide who lives and dies, which genes get to propagate in the population and what it means to be human.

I made the statement that most people carry one or more of those beliefs and carry out behaviors that SUPPORT those beliefs. By this definition, most people who BELIEVE and CLAIM they are truly “good” and “moral” people, possess a “satanic” mindset (a mind virus) and don’t even realize it because of beliefs that convince them they are good, moral and “asymptomatic”. Sadly, people can be so calcified in their beliefs, their ego will never allow them to utter the three words that will help dissolve the ego and put them on the path to truth and freedom: Those three words are: **“I WAS WRONG”**. Unfortunately, Just the opposite happens.

When I described the tenets of satanism, three of the people who advocate for government, religion, and money, became so uncomfortable, they cried out in the middle of what was listed on the agenda as “Greg Befort-keynote speaker” presentation. I suspect that behavior was a response based on a very uncomfortable recognition of their own hypocrisy and complicities in destroying freedom and buying into the lies of government and religion. Stop accepting the lies of others and most importantly, stop lying to yourself.

Here is some Spiritual truth you will never hear from a politician or most all religious leaders:

The TRUE ruling powers of the world are psychopathic dark occultists (ancient bloodline priests/priestesses). They have run this world for centuries using overt and covert means. These people at the top of the power “pyramid” know all about the laws of the creator and most importantly have knowledge of how the human mind works. They rebel against the laws of the creator and would rather “rule” on earth than be a “slave” in heaven. This sub-human predatory class (I refuse to call them elite, illuminati, etc..) avoid much of their “karmic debt” by manipulating and controlling others to do their work: These are the “order followers”: Think of police and military, but with COVID 19, being an order follower applies to Doctor’s, nurses, CEO’s, politicians, teachers, etc.... In today’s world anyone who puts their ***consciousness on a shelf for a paycheck***.

I have posed this question many times: “Who is MORE morally culpable: The order giver or the order follower”? The soldier who drops the bomb OR the general who gives the order? The corrupt politician who makes the “law” or the Officer who enforces it? Make no mistake, It is ALWAYS the order follower, the one who ACTUALLY performs the behavior. The one who “whispers in the ear” is also morally culpable, but that wasn’t the question. The question was, who is MORE morally culpable?- The person whose soul is damaged the most and receives the bulk of the karmic debt as a result of the action they take.

If you recall, I served in the military and 15 years in law enforcement. Those who *listened* when I spoke of those roles will admit ***that I repeatedly criticized my own complicity***- regardless of what my INTENTIONS were going into those roles. There was nothing “honorable” or “virtuous” about sitting my consciousness on a shelf and blindly following orders in ANY previous role in my life. ***Get as offended as you want over that statement***. Just because YOU or someone you know served or currently serves in that role does NOT make my statement any less TRUE. Get over your flag waving, patriotic bullshit support for the men in uniform who go into foreign countries based on lies and without question, destroy countries and lives, including their own through homelessness, drugs, and suicide once they realize the harm they have caused.

I don’t believe this to be true- I KNOW it to be true based on my own experience- not what I was told to believe or spoon fed on TV or alternative media.

I also made clear that my background in institutionalized religion (8 years of Lutheran school) qualified me to criticize what I was told to blindly believe made me a “Christian”. This experience and further study provided the understanding of what I KNOW about the religious institutions of history and how they have been hijacked to control and enslave humanity. I made it clear that I was WRONG about what I believed then and I constantly find myself questioning everything I once “believed” to be true. I have been pushing for Patriots to engage in serious self-reflection (fix yourself first) before you can fix anyone else.

Until we address the ROOT cause of the problem: **human suffering and slavery** due to a lack of knowledge/ignorance of natural law, we will continue to lose this battle. I made it clear to those intent on veering from the mission in the last meeting when asked about a timeline for action, “DO NOT expect one inch of progress until the MAJORITY of Patriots understand and acknowledge the root cause of the problem.” I repeatedly asked that people stop whacking away at the branches and start changing their own behavior (the cause) to align with Natural Law.

I didn’t say it at the time, but I will now as a matter of fact: You can expect things will get worse until the true “Patriots” of humanity across the world unite under the one true law of the universe. Its not what you want to hear, but it is the truth. I am here to speak the truth and as belligerent and uncomfortable as that is for members of our own “team” to hear, I’m going to continue to speak it through my voice as well as content on the Havasu Patriots website.

I will continue to gladly accept and post content and events as it relates to our mission, which by the way involves developing ALTERNATIVE options to the current system of government, religion, and monetary enslavement. This includes the great work of the Alternative Health and Wellness group, communications group, etc...I truly admire the work Jamie, Mardel, and others have put into these efforts. Wendy and I truly miss our Patriot friends. I also appreciate the kind words of support and encouragement for me to continue teaching Natural Law.

Having said that, I fully acknowledge my own shortcomings in not being able to reach as many Patriots in our bi-weekly meetings as I had hoped. I realize there is much, much, more work to be done to raise the level of consciousness of those who often in today’s world, are those closest to us who do not YET have the discernment or willingness to seek OBJECTIVE TRUTH (which is discoverable). This truth-seeking ultimately manifests into “the eyes to see and the ears to hear”. I have NEVER said this journey of self- reflection and truth seeking is without pain, just the opposite.

I can promise you that what you discover after making the effort to rid yourself of ignorance and ego identification is what TRUE FREEDOM and personal sovereignty is all about- No matter what the material or personal consequences may be to you in the process. No fear!

Finally, I want to make sure that those who wish to follow the REAL MISSION of the Havasu Patriots do not get led astray by the 2-3 individuals who have hijacked the e-mail list of former meeting attendees. Note that these individuals have changed the **NAME** of the Havasu Patriots to the “**HavaPatriots**”. Meeting dates, times, and location has changed as well. This was done to obtain the NAME RECOGNITION, contact information, and membership list for their new organization’s benefit. If you want to follow the original intent and mission of the Havasu Patriots, please consider taking the following steps:

#1: "Unsubscribe" from the "HavaPatriots" e-mail you have been receiving from Constant Contacts. **Ginger Dodier** and **Karen Vanderjadt** manage this e-mail distribution list. Ask to be removed or scroll to the bottom of the e-mail and click "unsubscribe".
