OUR RESIDENCES

Discover our new build homes at Nuestra Señora de Valverde 16, nestled in the heart of Fuencarral. This tranquil residential area offers all the services you need right at your fingertips.

You'll find excellent transport links, with easy access to Tres Olivos and Fuencarral metro stations, Fuencarral RENFE commuter train station, and several bus lines. Plus, it's a breeze to connect to major roads like the M30, M607, A1, and M40.

Currently under construction, these homes are expected to be completed by the last quarter of 2025.

These properties have been designed with excellent qualities, prioritizing sustainability and energy efficiency. The project seamlessly blends with the historical surroundings, preserving the beauty and character of the neighborhood.

All homes are exterior-facing and feature a variety of layouts: one-bedroom ground-floor units with gardens, one-bedroom and studio-style apartments, and one or two-bedroom duplex penthouses.

RESIDENCES

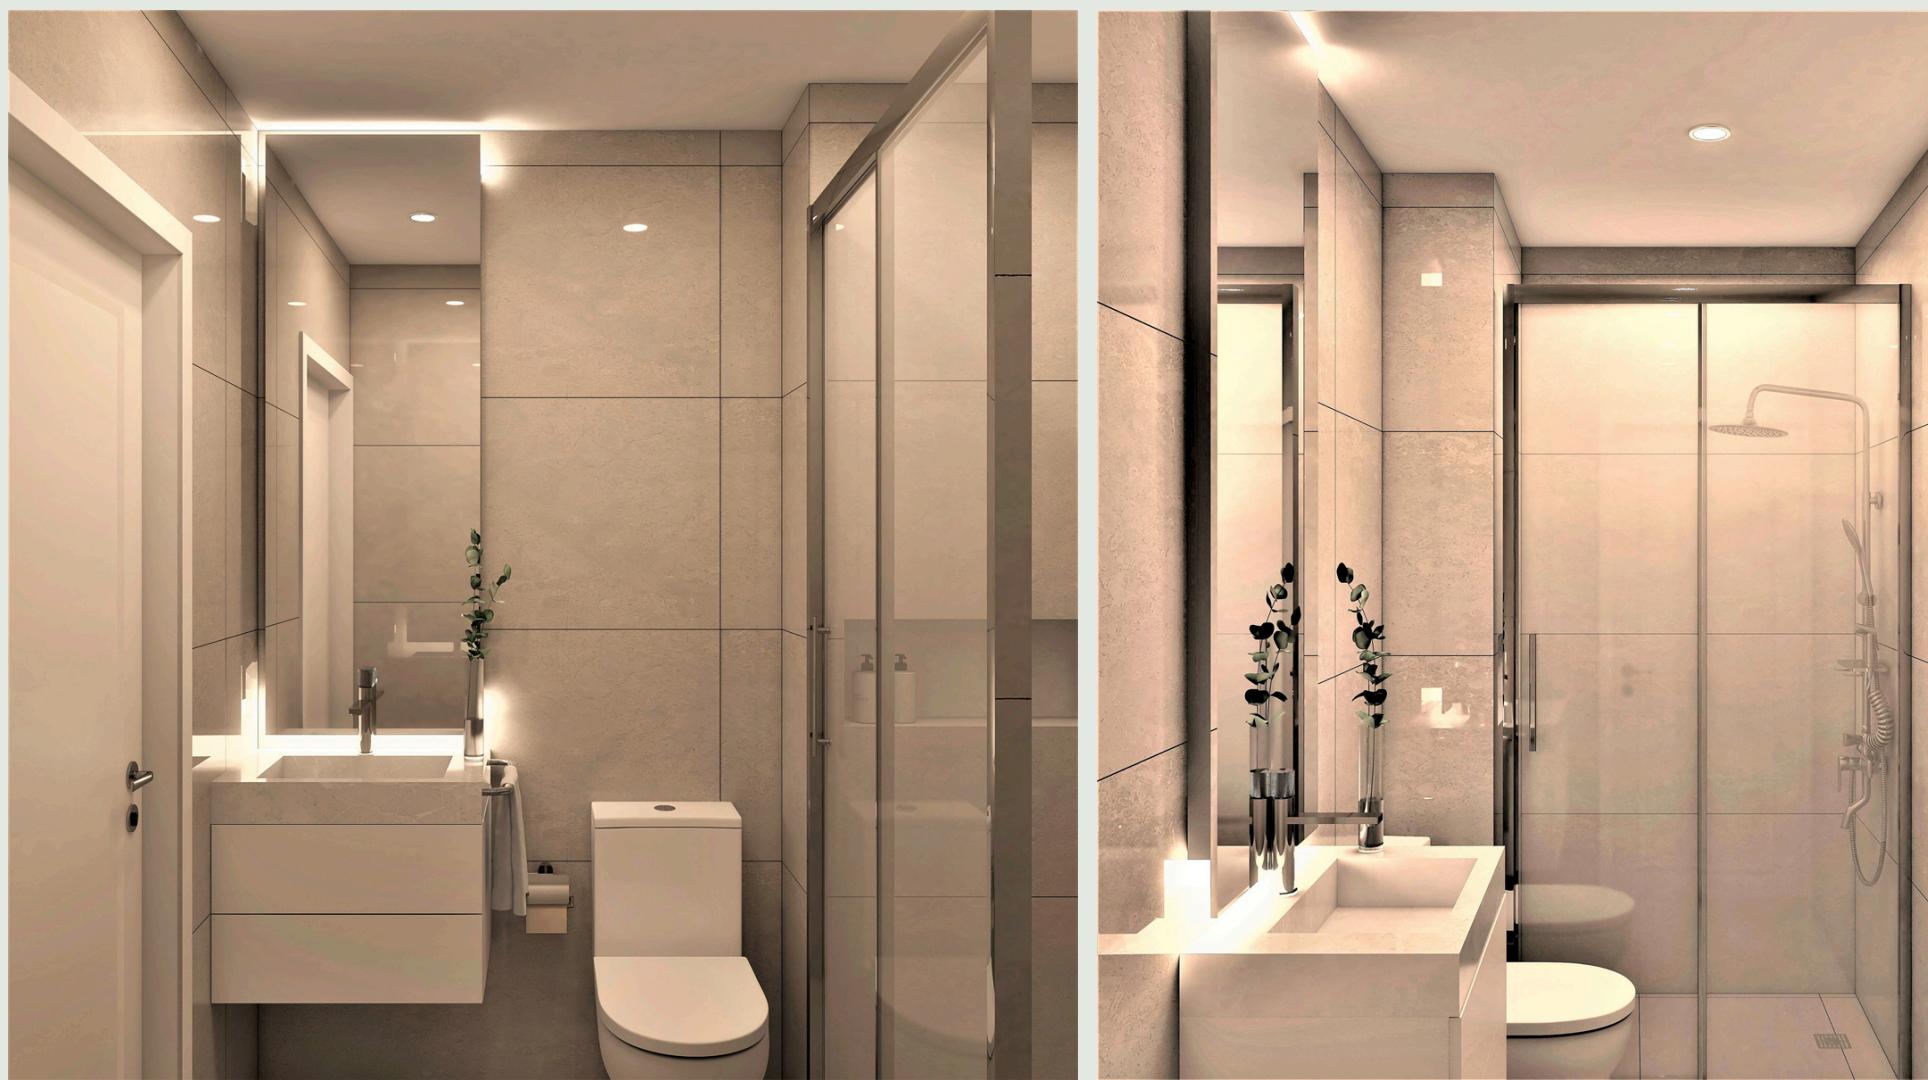

- 1 **Studio:** 41 m² studio apartment on the first floor, boasting an exterior balcony. Part of a brand-new development with a lift and full accessibility, this studio is equipped with a complete bathroom, fitted wardrobes, and an efficient hot/cold pump for air conditioning and heating
- 2 **Apartment:** 54 m² apartment on the first floor, boasting an exterior balcony. Located within a brand-new development with a lift and full accessibility, this home offers 1 comfortable bedroom, a complete bathroom, fitted wardrobes, and efficient air conditioning and heating via a hot/cold pump.
- 3 **Ground Floor Apartment:** 83 m² apartment on the ground floor, featuring a wonderful exterior garden. Part of a new build development, it offers a lift and full accessibility. This home includes 1 bedroom, a full bathroom, built-in wardrobes, and air conditioning/heating via a hot/cold pump.
- 4 **Duplex Apartment:** This 66 m² exterior duplex is located on the second floor and features a balcony. Part of a new build development, it offers a lift and full accessibility. It includes 1 bedroom, a full bathroom, built-in wardrobes, and air conditioning/heating via a hot/cold pump.
- 5 **Duplex Apartment:** 88 m² new build duplex apartment, featuring an exterior balcony. This home is designed for comfort and accessibility, with 2 bedrooms, 2 bathrooms, and built-in wardrobes. Enjoy efficient heating and cooling thanks to a hot/cold pump system. The apartment is adapted for accessibility and includes lift access.
