

RICHARD TX-24 FLEMING FOR U.S. CONGRESS

I have had the pleasure of knowing Richard Fleming when he was a student at R.L. Turner High school where he played football with my son Jarrell. As a young man growing up he was always courteous and polite.

As an adult, I have witness Richard address problems head on. I am most proud that Richard Fleming chose to stay and serve this North Texas community in which he was raised. I was his biggest advocate when he served nine years honorably on the Carrollton-Farmers Branch ISD school board.

Richard brings to the table a history of advocacy, and state local and federal tax policy experience. I have known Richard to be responsive, collaborative, and focused on doing what's best for the entire community. **The fact that Carrollton-Farmers Branch ISD recently allocated funding to implement stem and fine arts academy's in elementary schools is a testament to the work Richard did as a school board member.**

Please Vote for Richard Fleming as our next Congressman for TX 24.

Sincerely,

Shirley Demus Tarpley

Former Mayor Pro-Tem / City Council member, Carrollton Texas.
