A DISTINCT LIFESTYLE BEYOND COMPARE

Standing tall at 45 storeys, The Velaris Residences is as much a beacon of opulence as it is of progress. Masterfully designed units and a treasure trove of amenities await its illustrious residents and guests. Private lift lobbies offer ultimate exclusivity for all two-bedroom, three-bedroom, and penthouse units, while smart home features promise future-ready convenience for all residents. The Velaris Residences' curated set of facilities delight and inspire — not the easily pleased, but those who expect the extraordinary in every facet of their life.

Matchless and inimitable, the location where The Velaris Residences rises is just as unparalleled. Situated at one of Metro Manila's most coveted locations, it is a veritable concrete-and-glass residential masterpiece at the center of an emerging district that dazzles with life and pulsates with passion: Bridgetowne.

A POWERHOUSE PARTNERSHIP

The Velaris Residences is the pilot project of RHK Land Corporation, a joint venture between international property leader Hongkong Land and local real estate giant Robinsons Land Corporation.

A major listed property investment, management and development group and a member of the Jardine Matheson Group, Hongkong Land owns and manages more than 850,000 sq. m. of prime office and luxury retail property in key Asian cities, principally in Hong Kong, Singapore, Beijing and Jakarta, as well as high quality residential, commercial, and mixed-use projects under development in cities across Greater China and Southeast Asia. Its notable projects in the Philippines are premium properties One Roxas Triangle and Two Roxas Triangle in Makati, and Mandani Bay, a premium waterfront development in Cebu.

UNRIVALED ON EVERY LEVEL, 45 TIMES

An architectural tour de force, The Velaris Residences adopts a modern contemporary design inspired by the works of famous architect Ludwig Mies van der Rohe, one of the pioneers of modernist architecture.

AN ADDRESS FOR VICTORS AND CHAMPIONS

An aerial night view of a modern city skyline. The foreground features several prominent skyscrapers with glass facades, some of which are illuminated from within. A central statue of a figure holding a trophy stands on a pedestal. The background shows a dense urban landscape with numerous smaller buildings and streetlights, all under a dark sky with a hint of twilight.

Truly a residence meant for society's winners and leaders, The Velaris Residences is an outstanding landmark in the vibrant destination estate of Bridgetowne.
