

Become spiritually A.D.E.P.T. in doing the will of God.

Attitude

Sincere, humble, learning mindset, contrite, God serving, faithful, willing, ready, and focused. Prioritizing doing the will of God above all else.

Direction

Love, truth, mercy, peace, just/fair, forgiveness, compassion, gentleness, and self-control. Learn Biblical definitions, instructions, and practice them.

Experience

Inwardly cooperating with heart and mind doing God's good. Thinking, speaking, modeling, sensing, demonstrating, teaching, and behaving both inwardly and outwardly progressively with God's good. Giving attention to witness spiritual sensations inwardly and outwardly.

Production

Hearing verbal responses and observing reactions from others testifying to our productivity with God's good. Witnessing others we have helped growing in God's good. Renewing of our minds, cleansing of our conscience, and purifying our hearts. Maturing in faith, understanding, and wisdom with the will of God. Growing closer with others in healthy ways.

Testing

Become objectively ready to seek and learn our own errors and how to improve. Compare our productivity with that of the Apostles to learn how we can grow. Ponder experiences long enough to learn how to verbally describe them. Describe and discuss experiences with others. Listening to learn. Always ready to find our own errors to better see how to improve without self-condemnation. Our thoughts are to be set to grow good.
