

Open My Mind

Open my mind, God,
Free me from doubt.

Set it to grow

And show me how.

Keep it from finding

Reasons to quit.

Let it explore,

Let it submit.

Help me surrender

Ideas of old

Which weigh me down

Trapping my soul.

Grant me strength

To make a stand,

Bring me faith

Show me I can.

Save me from fear,

Keep me from worry,

Prompt me to peace

And away from hurry.

Free me God

Free my mind

Set my thoughts

Toward what's kind

Let me ponder

All that's right

To trust in it

Both day and night.
