**Come and Meet Dr. Leonard E. Sealy**  
*of Rockville Centre*

Dr. Sealy, a graduate of the University of Michigan, excelled in his residency program as chief resident at Lutheran Medical Center in New York City. He later originated and operated one of the Center's most successful Satellite Clinics. A gifted teacher, Dr. Sealy shared his knowledge and skills with the residents he mentored. His passion for his craft inspired him to develop a state of the art, unrivaled private practice. Dr. Sealy's meticulous workmanship, gentle touch and superb chair side manner has commanded patient loyalty beyond the tri-state area.

**Meet Our Dynamic Orthodontists:**

**Eleni Michailidis, D.D.S., M.S., M.P.H.**  
Dr. Michailidis received her dental degree and completed a three-year orthodontic residency program at the College of Dental Medicine of Columbia University. With her extensive research and science background, "Dr. Eleni" values the unique combination of art and science involved in orthodontics and in creating healthy, beautiful smiles. She is a published researcher, has presented at professional dental and medical conferences, and is a well-respected member of the orthodontic community. Dr. Eleni was named in Whilstone and is excited to be practicing in her hometown.

**Abraham Chahine, D.D.S., Diplomate-American Board of Orthodontics**  
Dr. Chahine received his dental degree at Columbia University and completed an intensive three-year orthodontic residency program at Stony Brook University. For "Dr. Abraham," building relationships with his patients makes the orthodontic experience more enjoyable for everyone involved. His patients value his advice and feel that they are working with an orthodontist they can trust. Dr. Abraham is a member of several professional organizations and is an active alumnus of Columbia University.

**THE DENTAL CARE YOU'LL LOVE!**

On the first visit to our offices, you will be provided a complete oral examination and consultation, which includes a periodontal evaluation, analysis of your occlusion and a thorough examination of your teeth, their supporting structures and oral anatomy. Once we have established your oral health baseline, we will work with you to create a treatment plan that addresses existing dental health needs and aesthetic considerations, along with a maintenance program that ensures you will enjoy good dental health for years to come.
