"I don't think I can put into words how happy we are with our wedding photos. From our first meeting I knew you would do a good job. I wasn't expecting how truly beautiful our pictures would be.

You always made us feel like we were your most important clients. You made me feel that you truly cared about our wedding and telling the story of our day. Everytime we have met with you since the wedding, I feel like I have had a chance to re-live our wedding day. That has been a great gift.

You are excellant at what you do. Everything was done professionally and with great care. When we look at our photos we have a chance to go back to that moment and all of the wonderful memories. Thank you for giving that to us, it is worth far more than we paid. "
