CHECK OUT THIS GAY AC/DC COVERS BAND, GAYC/DC

This is fun!

Say hello to [GayC/DC](#), the all-gay AC/DC tribute band from Los Angeles!

The idea for the band, they say, came from bouncing around names for tribute bands with gay members. GayC/DC rhymed perfectly with AC/DC, so they went with it.

They've got some pretty tongue-in-cheek song titles, too...

Get on YouTube and check out their renditions of Let There Be Cock, Whole Lotta Jose, Bottom Child, Dirty Dudes Done Dirty Cheap, Gay Boy Boogie and, well, Big Balls (the title of which was suitably risqué enough in the first place).

The five-piece describe themselves as "Glam/Sassy/Porn/Punk/Metal/Dirty Rock n' Roll. With Class" and they've even performed onstage with Sebastian Bach.

You can check that out below.
