

LITTLE DUMPLINGS LEARNING CENTRE

AUTISM SERVICES

Little Dumplings Learning Centres' Autism Services are focussed on strength-based strategies. We use identity-first language, we help teach and foster self advocacy, programming that allows for choices, interests, preferences, moods, and energy levels; meeting the autistic child/youth where they are at and not requiring them to wear a "neurotypical mask" to function in society.

We offer individual (one on one) sessions, and home support sessions. Services will be conducted at Little Dumplings Learning Centre excluding home support sessions.

Little Dumplings Autism Services are all by appointment.
