

**Welded Frame**

## Welded Frame Advantages

- True unit construction. Each unit is completely independent of the next.
- Welded frame eliminates the need for unsightly sway braces. Allows clear filing from one side to the other for oversized volumes.
- Lower installation cost.
- One piece base shelf and base brackets.
- Canopy top accepts wire book supports.
- Accessories and components can be easily mixed and matched on any section.
- All fasteners are concealed within the design.
- Our state-of-the-art powder coat paint system gives us the most durable paint finish in the industry. We offer fifteen standard colors. Special colors can be matched to please even the most discriminating eye.
- Quality that is second to none.
- We can manufacture most special items to include special heights, widths, and specialty products in minimal lead times and at a reasonable cost.

# Shelf Selection

TYPE OF VOLUMES	NO. OF VOLS. PER LINEAR FOOT OF SHELF	RECOMMENDED DEPTH OF SHELF
Circulation (Non-Fiction)	8	9-10 in.
Fiction	8	8-9 in.
General Literature	7	9-10 in.
Economics	8	9-10 in.
Reference	6	9-10-12 in.
History	7	9-10 in.
Technical & Scientific	6	10-12 in.
Law	5	10 in.
Medical	5	9-10-12 in.
Bound Periodicals	5	10-12 in.
Art (Folios)	7	10-12 in.
Juvenile (Elementary)	10	9-10 in.
Juvenile (Pre-School)	12	10-12 in.
Public Documents	5	9-10 in.

# Nominal vs. Actual Dimensions

For Cantilever-type Bookstack, the adjustable shelves and base shelf depths are given in “nominal” dimensions, which indicates the depth from the front edge of the shelf to the centerline of the 2” depth frame.

For adjustable shelves, the actual depth is 1” less than the “nominal” depth.

For base shelves, the actual depth of the shelf, as well as the overall depth of the bookstack unit, will measure 1-3/8” greater than the “nominal” depth for single-faced units, and 7/16” greater than the “nominal” depth for double-faced units.

All heights indicated for Bookstack Units are actual heights.

66" high unit shown above.

NOTE: All single faced units must be anchored to the wall. Units come standard 36" wide. 30" and 24" wide units are also available at the same price. When ordering 30" wide change catalog number to begin with MJ30 instead of MJ36. Special widths and heights are also available.
