Growth of Boys High School Sports in the Last 4 Years

- According to NFHS participation data, volleyball is, by far, the fastest growing boys sport in the country. The participation rate in the last four years has grown 44% across the US and 340% in Georgia.

Growth in GA:	340%	20%	10%	9%	10%	-5%	4%	-2%	-1%	-2%	-3%	-4%

Financial Stability of Boys Volleyball in Georgia

$66,000

Since 2024, the Southern Region of USA Volleyball (SRVA) has donated **$66,000** to 43 different Georgia Schools to start-up and maintain a boys volleyball team. SRVA is committed to continuing the boys volleyball grant program for high schools looking to startup a new team and for schools in weaker socio-economic areas of the state.

$320,000

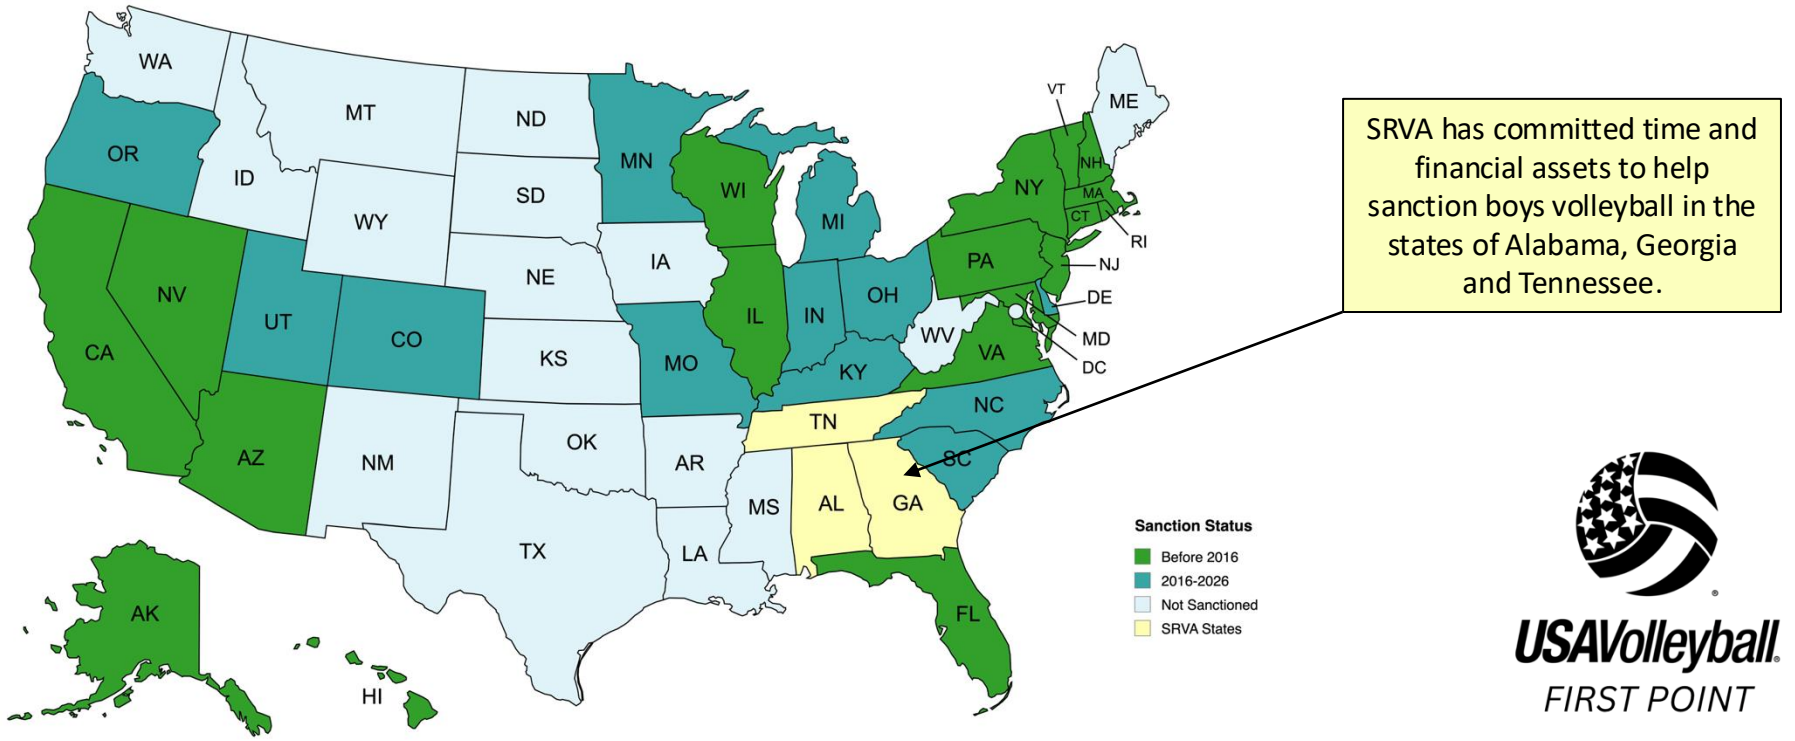

Since 2019, First Point Volleyball Foundation (division of USA Volleyball) has donated **$320,000** to High Schools, Colleges and Universities in Georgia. Our state, along with Alabama and Tennessee is the recipient of a USA Volleyball Grant for the 2027 season.

$14,500

Since 2019, Boys Volleyball of Georgia has donated **$14,500** to Georgia High Schools. Our board has also donated thousands of hours to organize regions, setup and run the state tournament, maintain a website, produce a member school newsletter and post on Instagram throughout the year.

Sanction Status of Boys H.S. Volleyball in the USA

- There are currently 30 states that sanction boys varsity volleyball.
- Over the past 10 years, USA Volleyball/First Point Foundation has assisted states across the country to sanction boys volleyball in 12 different states. USA Volleyball is committed to seeing boys volleyball sanctioned as a varsity sport in every state.

SRVA has committed time and financial assets to help sanction boys volleyball in the states of Alabama, Georgia and Tennessee.
