

ABOUT IYASHI LIMFA® THERAPY

The IYASHI Limfa® Therapy System generates highly sophisticated and targeted magneto-electric, ultra-low frequency and ultra-low intensity fields with sequences of variable frequencies, intensities, and shapes to stimulate cellular ion channels.

PROVEN OUTCOMES THAT EXCEED PHARMACEUTICALS & OTHER TREATMENT MODALITIES

INFLAMMATION & PAIN MANAGEMENT

> Proven to reduce inflammation by more than 90%, and reduce pain 63%-96%

OSTEOPOROSIS

> Surpassed bisphosphonate drugs with only 6-week treatment
> Increases in T-Score (24%), BMD (3.3%), TBS (2.6%), and BTT (14%)

STEM CELLS TO TYPE 2 COLLAGEN

> 1800% increase in RUNX2 and 167% increase in Type 2 Collagen

OSTEOARTHRITIS

> 54% increase in mobility and 67% reduction in pain

BONE HEALING

> 90% union of fracture after 1 month

FIBROMYALGIA

> 67% reduction in pain

CARPAL TUNNEL SYNDROME

> Pain reduced 40% in 1 month, 95% after 3 months

TRUSTED BY HUNDREDS OF
PRACTITIONERS AND BENEFITTING
THOUSANDS OF PATIENTS IN
EUROPE SINCE 2013

The IYASHI Limfa® Therapy System is a cutting-edge medical device developed & manufactured in Italy that stimulates cells without any invasive procedures. The Limfa® Therapy System uses patented magneto-electric sequences that connect with cellular ions to promote self-repair. Safe, backed by extensive scientific research, and now available in the U.S. and beyond.

*IYASHI is the exclusive distributor of the
Limfa® Therapy System*

BACKED BY SCIENCE

NOW AVAILABLE GLOBALLY

HOW LIMFA® THERAPY CAN HELP YOUR PRACTICE

Low Cost of Entry

IYASHI Limfa® Therapy Systems are typically leased to healthcare providers at very little cost of entry.

New Revenue Stream

Providers can capture revenue that would otherwise go to the Rx industry. Complementary treatments can still be administered.

Comprehensive Package

The IYASHI Limfa® Therapy System includes the proprietary control unit, two emitters, and a full body mat.

Treat Two Patients. Clothing OK

A single System can treat two patients at once. The magneto-electric signals reach several centimeters below clothing.

Easy to Operate

Protocols are pre-programmed and require little oversight. Treatment duration from 20 to 51 minutes.

THERAPEUTIC APPLICATIONS

TISSUE REPAIR

Bones
Muscles
Tendons
Cartilage
Nerves
Osteoporosis
Stem cell therapy

PAIN THERAPY

Fibromyalgia
Rheumatology
Acute Trauma
Osteoarticular pathologies
Musculoskeletal pathologies
Edema
Delayed Onset Muscle Soreness

PROVEN BY SCIENCE AND IN PRACTICE

Backed by Research

Read 10 published pieces at our website. 18 additional studies planned.

CE & MDR Approved

Approved by European regulators since 2013. FDA Class 2a (510k pending)

Market Adoption

Over 300 practices in Europe and some of the world's top football (soccer) teams use the Limfa® Therapy System.
