

Joint Sealants	TXDOT
RepSeal SL: 1 & 2 part, self leveling, hybrid polyurethane concrete sealant	
RepSeal NS: 1 & 2 part, non sag hybrid polyurethane concrete sealant	
RepSeal AC: 1 part, self leveling, hybrid asphalt & concrete sealant	Class 3
RepSeal LD: 1 part, self leveling loop detector sealant	DMS 6340
RepSil SL & NS: 1 part self leveling and non sag silicone pavement sealant	Class 4,8
RepSil FS: 1 part Fast Setting silicone bridge sealant	Meets Class 7
RepJoint PF-UV: Preformed UV resistant polyfoam expansion joint seal	
RepJoint 340S: Hot Pour Joint Sealant	Class 3
RepJoint HCS: Hot applied crack sealer	Class A&B

Cementitious	TXDOT
<b>Patching Compounds</b>	
RepPatch DOT: Horizontal surface, fast set, repair mortar	Type A & B
RepPatch VO: Vertical & Overhead mortar	4655 Type C
RepPatch VOH XL: Extreme bonding Vertical/Overhead mortar	4655 Type C
RepMortar PMCC: Fast Setting, self consolidating, poly-mod repair mortar	4655 Type D
FasTrac 246: Fast Set horizontal repair mortar	Type A & B
FasTrac VO: Vertical-overhead repair mortar	4655 Type C
<b>Item 421- TxDOT Compliant Concrete Mixes</b>	
RepCrete QuickPour: C&G, Driveways, Back Up Walls, Anchors (3k psi/28 days)	Class A
RepCrete QuickMix: Riprap, Signal Foundations, Road Signs (2k psi/28 days)	Class B
RepCrete C RTU: Structures, Pile Encapsulation, Railings (3.6k psi/28 days)	Class C
RepCrete QuickFill: Flowable Fill, CLSM, Trenches, Soil stabilization, Backfilling	120 PSI
RepCrete S RTU: Bridge Decks, Approach Slabs, Culverts (4k psi/28 day)	Class S
<b>Grouts &amp; Mortars</b>	
RepGrout PJR: Pile Jacket & Column Repair mortar	
RepGrout 1107: Premium Hi-Strength Grout	
RepGrout NS: General purpose non-shrink grout	4675
<b>Specialties</b>	
RepStop RS: Three Minute hydraulic cement patch	
RepTop SL: Self leveling/ self adhering indoor-outdoor floor topping	
RepCrete HES Concretes: Class I, II, III High Early concrete mixes	SS 4968
RepTop NM & M: Non & Metallic floor hardener	
Many special concrete & flooring products also available (UHPC, CAC, Tile Products, etc)	

Sealers, Cleaners, Specialties	TXDOT
Rust Rehab: Rust convertor and primer for metal coatings	
PrepEtcH: Biodegradable non acid based concrete surface profiler	
RepGlaze 2S: High gloss acrylic sealer	
RepSeal XL: Ultimate hybrid concrete sealer	
RepHard: Sodium, silicate curing and hardening compound	
RepLith: Lithium silicate concrete densifier, hardener and sealer	
RepExtract: Moisture extractor from high humidity & concrete floors	
RepShield 40: 40% Silane concrete surface treatment	
RepAid: Evaporative retardant concentrate (9:1)	
RepSolv X: Strong Xylene based cleaner & thinner	
RepGreen: Citrus based concrete cleaner	
RepProtect AC: Penetrating silane anti-corrosion inhibitor	

Waterproofing & Coatings	TXDOT
RepDeck BS-BG: Below grade/between slab/flexible waterproof membrane/horizontal & vertical	
RepSheen: High gloss flexible acrylic coating	
RepLastic: Highly flexible waterproof acrylic coating	
RepCoat UV: Flexible, 300 % elongation, UV Resistant, waterproof coating	
RepCoat PW: Potable water tank coating- NSF61 Section 5 Approved	
RepCoat SD: Fast setting, solvent free, base and finish traffic coating in one	
RepDeck Super Tape: Reinforced, high bridging tape for crack sealing & bridging	
RepDeck FD: Fast drying, decorative epoxy floor coating	
RepDeck HDC: Heavy traffic areas decorative waterproof non slip coating	
RepDeck BDM: Highway and railroad bridge waterproofing	
RepPrime: Epoxy primer for concrete and metal surfaces	

Anti-Graffiti	TXDOT
RepShield AG: Clear, cleanable, non-sacrificial coating	DMS 8140
RepShield AC: Pigmented, anti-corrosive, cleanable, non-sacrificial coating	DMS 8140
RepShield XL: Clear or gray, cleanable, non-sacrificial coating	

Epoxy Systems	TXDOT
RepPoxy SBE: Segmental bridge adhesive	1
RepPoxy TMA: Traffic marker adhesive	2
RepPoxy FSA: Anchoring & port paste	3
RepPoxy DBA: Hi Mod Gel and Dowel Bar Anchoring	3
RepPoxy BDS: Crack healer/sealer	4
RepPoxy GPA: General purpose adhesive	5
RepPoxy VOH: Vertical/overhead binder	7
RepPoxy MB: Concrete mortar binder	8
RepPoxy CI: Injection & sealing epoxy	9
RepPoxy WP: Epoxy waterproofing	10
RepPoxy II: Epoxy patching mortar	DMS 6170
RepPoxy HM: Epoxy header mortar	DMS 6140
<b>Specialty Epoxies</b>	
RepCrete MAX: Structural Mortar & Patch	
RepPoxy PA: Primer & Lubricant Adhesive	
RepPoxy PJR: Pile jacket epoxy grout	SS 4056
RepPoxy BAC: Primer, bonding agent, & corrosion inhibitor	

Polyurethane Systems	TXDOT
RepCrete JN: 2:1 Polymer header & Nosing Mortar	
RepCrete QP: Polymer patching mortar	DMS 6170
RepCrete HM: Polymer header mortar	DMS 6140
RepCrete AP: 1:1 Asphalt patching mortar	DMS 9202
RepPlug EJ: Asphalt Overlay Expansion Joint	SS 4001
RepDeck HS: Header and sealant in one	
<b>Overlay Systems</b>	
RepDeck 7097: Aggregate overlay system	SS 7097
RepDeck MMA: Methyl methacrylate bridge overlay	SS 4429
RepDeck 439: Latex overlay system	SS 439

Fiber Reinforced Polymer (FRP) Systems	
<b>Carbon Fiber (CFRP) Fabrics</b>	
RepWrap 300 UD: 9.7 Ounce unidirectional	
RepWrap 600 UD: 18.7 Ounce unidirectional fabric	
RepWrap Biax 11: 11 Ounce biaxial fabric	
RepWrap Biax 18: 18 Ounce biaxial fabric	
<b>Glass Fiber (GFRP) Fabrics</b>	
RepGlass GF-100: 13.0 Ounce Unidirectional	
RepGlass GF-200: 27.0 Ounce Unidirectional	
<b>Accessories</b>	
RepWrap Paste: Bug hole, bonding, pre-cured laminates/bar epoxy	
RepWrap Bond: Saturation resin, summer & winter grades	
RepCoat UV: Flexible, polymeric, UV resistant top coat	
RepCoat FP: Intumescent fire barrier coating	
RepStop: UL compliant fire deterrent trowel or spray mortar	
RepPlates, Rods, Anchors: Various widths and lengths	
Fiberglass jackets for column repairs- Custom made to your project	

Soil & Asphalt	TXDOT
RepPave: Clear road base & soil, dust control	
RepPave Black: Asphalt surfacer & stabilizer	
RepPhalt FS: Fast setting permanent water activated asphalt patch	DMS 9202
AquaPatch: Polymer modified asphalt patch	DMS 9202
