

## INTEREST FORM- WONDERFUL WEDNESDAYS 2022-2023 (A structured afternoon enrichment program)

Wonderful Wednesdays is an enrichment program that we hope to offer again on Wednesday afternoons each week to those children who will have turned four years old by September 1, 2022. The program has limited enrollment, and it is taught by three or four members of our existing staff. All children in our morning nursery school program engage in activities and projects which enhance their development and prepare them for kindergarten. This extra program is designed for those children who are eager for more of these experiences and who are able to sustain their energy for a longer day at school. Unlike our morning programs which provide plenty of time for essential self-directed play, this 1.5 hour period requires that children focus on specific activities and skills in a more teacher-directed learning situation.

- Registering for Wonderful Wednesdays is a two-step procedure which is designed to help best determine those children who seem to be most ready for this type of educational experience. By returning the bottom portion of this letter, you are indicating that you would like to enroll your child in the Wonderful Wednesday program. As the new school year begins and the children settle into their new morning classes, the teachers will take some time to get to know the children and assess their level of interest and stamina. After each child's eligibility has been determined, the class list will be finalized and parents will be notified. Thank you for your patience with these steps; our experience has shown that this enrollment process will ensure a smooth and comfortable transition into the program and a successful experience for all who participate.
- Children must be 4 years old by **September 1, 2022** in order to be eligible for enrollment.
- We hope for the program to take place on Wednesday afternoons **October 10, 2019** through **May 6, 2020, 12:00 to 2:30 pm**
- Each child must bring their own lunch. As always, please no nuts.
- The cost is **\$756** for the year (billed and payable as **\$378** per semester).
- The bottom portion of the letter should be returned (**without payment**) by **September 1, 2022**. **You will be informed of your child's acceptance on or before September 28, 2022 and payment will be due on or before October 5, 2022.**
