

# MULCHING MASTERY FOR EVERY OPERATOR

## SK DRUM MULCHER DC PRO

Put your skid steer or compact track loader to work clearing brush and trees with Diamond Mowers' new Drum Mulcher DC Pro.

The latest addition to Diamond's industry-leading drum lineup, this streamlined, versatile, easy to operate and maintain attachment delivers a new level of mulching performance for *loaders up to 75hp.*

## SPECIFICATIONS

CUTS UP TO 8" DIAMETER BRUSH & TREES

AVAILABLE CUT WIDTH 50"

FLOW RANGE 16 - 30 GPM

LOADERS UP TO 75 HP

1,350 LBS

## IDEAL APPLICATIONS

LAND CLEARING

FENCE LINES

DEFENSIBLE SPACE

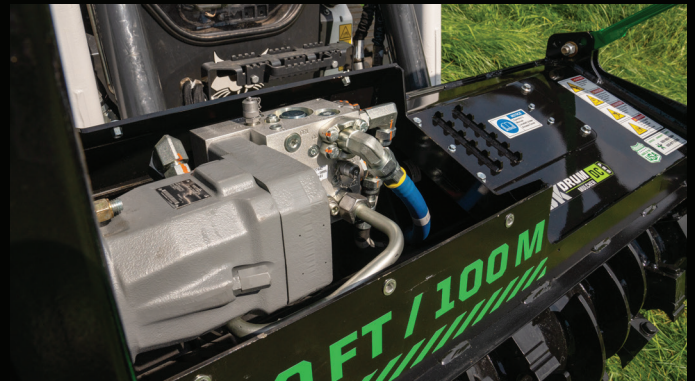

OVERGROWN PROPERTY

## RUGGED & EFFICIENT CHASSIS DESIGN

- Positions the center of gravity close to the loader for optimal stability
- Robust bearings with proven an-wire guarding and rotor relationship minimize stalling
- Motor positioned to guard against impact

## HIGH-TORQUE PISTON MOTOR

- High-torque hydraulic motor that delivers fast spool-up time and productivity
- Corded, synchronous belt ensures long life and maximum power transmission
- More torque to power through larger material

# SK DRUM MULCHER DC PRO

**HIGH TORQUE 63 CC 2-SPEED BENT AXIS PISTON MOTOR** for fast spool up time and productivity

**EFFICIENT DESIGN** positions the center of gravity close to the loader for optimal stability

**ROBUST, MULTI-POSITION PUSH BAR** with extended serrations for industry-leading material control

Depth control rings to control bite size, plus **TWIN CHISEL® PLANER TEETH** makes fine mulch quickly and efficiently  
*\*Additional teeth options available*

**AR400 SKID SHOES** for long life

**STANDARD CHAIN GUARD** contains the mulch for a cleaner work site

**SERRATIONS** on the leading edge allows the operator to manipulate downed material

**OPTIMIZED THROAT** pushes larger material into teeth, creating mulch in front and inside processing chamber

**\*MINIMUM ½" THICK POLYCARBONATE OPERATOR PROTECTION REQUIRED. SOME APPLICATIONS MAY REQUIRE ADDITIONAL PROTECTION.**

## TEETH OPTIONS

### TWIN CHISEL® PLANER

» Truly the best of both worlds for productivity and easy maintenance. Made out of hardened steel, our design allows you to quickly sharpen the cutting edge to maintain maximum productivity.

#### IDEAL FOR

- » Softer Soils
- » High-Productive Environments

**STANDARD TOOTH** **MIX & MATCH**

### FOUR POINT HARDENED STEEL

» Acts like an axe to slice material for the most productive cut. The more aggressive design allows you to grab and pull in material more effectively.

#### IDEAL FOR

- » Finer Mulch
- » Limited Ground Contact

**COMPATIBLE** **MIX & MATCH**

### TWIN MAUL® CARBIDE

» Designed to withstand abrasion and extreme ground contact.

#### IDEAL FOR

- » Rocky Terrain
- » Fire-Danger Areas

**COMPATIBLE** **MIX & MATCH**
