

Training 2023

Basic Police Sniper \$700

The police sniper holds an integral position within the tactical team structure. He provides real time information, protective overwatch, and the ability to resolve a critical incident with one, well placed shot. He represents the surgical arm of any special operations team, and like any other surgeon, he requires specialized training in order to excel at his profession. This program will provide a foundation and starting point for that training.

This course will cover observation and reporting, ballistics, marksmanship, fieldcraft, movement, stalking, camouflage, use of force, policy and procedure, and case studies.
