

## Training 2024

In-Service Sniper Trainer ..... \$715

Knowledge is useless unless it can be passed on effectively. This 40-hour course is designed to train the trainers, giving snipers and team leaders the tools they need to design and deliver in-service sniper training to others. This is not a basic sniper course, and students are expected to come with the prerequisite knowledge and skills. This course is an intensive mixture of classroom lecture, writing assignments, interactive group projects and range exercises, fully immersing students in the learning and teaching process. Students will learn a wide variety of techniques for teaching snipers, as well as the underlying instructional principles. There are prerequisites to attend this course. They are available on the website or by request. Students who successfully complete this course and the necessary prerequisites will receive certification as an In-Service Police Sniper Trainer.
