Holiday Blessings!!

---

#### **To our wonderful members: We Did It!**

The garden club successfully sold 509 beautiful Christmas wreaths. all with lovely handmade bows. As usual, it was not without a few glitches. So many of you did so much to make it successful. From selling wreaths to local businesses, keeping track of orders, making bows and more bows and more bows, keeping our wreath stagers and sellers fed, to transporting wreaths, to picking up wreaths, to our very own fleet of delivery trucks who loaded up and delivered wreaths near and somewhat far, to our train station sellers, to buying wreaths to support our club. As you are aware, the profits from the sale are used to maintain our gardens and provide scholarships to local students.

**So let's keep this going!** We are looking for people to step up and become more involved. Could you become a bow maker? Could you help with sales? Could you manage the scheduling of volunteers for this project? Come talk to us. Come shadow us. Contact Sue..617-320-8495, Pat..215-499-8452 or Angie..407-342-1722

And special thanks to **Beth Booth** for wrapping hundreds of wires for our bows, to **Linda and Alan Baker** for driving the U-Haul truck to Orford to load and then unload wreaths, to **Larry Wilburton** for driving to Orford for a second pick-up and unloading of wreaths, to **Angie DeMuzio and Doug Meuser** for the use of their barn, for **Pat Gifford** who is the keeper of the bows and ribbon, for **Julie Fergus** for getting us out there, for **Bobbie Stave** for sending the APBs.

It takes a village.  
Gratefully,  
**Sue Kilroy, Pat Gifford and Angie DeMuzio**

**You, Margaret!**

**We now have an address for our scholarship applicants to reply to!!**

Thank you for supporting the idea of having a dedicated email address for the WGC Scholarship Program. It will be more in line with the application process that students are using elsewhere and will save us the extra steps of going to the post office and then passing the applications along to the committee chairperson.

If you know of high school or College students in Environmental Programs, please tell them about our scholarships!!

Feel free to add this email address to your contact list.

**Margaret Connor, Scholarships**
