News from the Wolfeboro Garden Club

**In Like a Lion!
General Meeting
Tuesday, March 11 @ 1pm**

Board meeting @ 11am

From the President

Dickens wrote about “those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade” (*Great Expectations*). Gardeners know exactly what he means. We know it’s cold, we know it’s early, but we also know that soon, it will be Spring!

Our March Presentation

“Color Gardens –Beautiful Perennial Combinations from Spring thru Frost”

The Wolfeboro Garden Club invites gardening enthusiasts to its March meeting featuring a virtual presentation by renowned landscape designer **Marie Von Brincken**. The meeting will take place Monday, March 11, at 1:00 PM at All Saints Church in Wolfeboro.

Marie Von Brincken’s talk, “**Color Gardens: Beautiful Perennial Combinations from Spring thru Frost,**” will guide attendees through the art of color pairing—the foundation for creating stunning perennial gardens. Using engaging graphics, she will introduce color theory and texture as powerful design tools, making it easy for gardeners to craft their own beautiful, seasonally evolving flower combinations. The presentation will showcase inspiring examples of both sunny and shady garden designs from real life examples. Whether you prefer a wilder, more natural look or a structured, classic style, this talk will provide practical techniques and visual inspiration to enhance your garden from early spring through the first frost.

About the Speaker:

Marie Von Brincken is a distinguished landscape designer and educator with expertise in color-focused garden design. She has lectured extensively, inspiring gardeners with her knowledge of plant combinations and design principles that bring year-round beauty to landscapes.

Join us for this vibrant and educational presentation and get ready to bring fresh color combinations into your garden. This meeting is open to all, and the Wolfeboro Garden Club warmly encourages members and guests to attend. Please join us to learn how you can help create a colorful garden, meet fellow garden enthusiasts, and enjoy refreshments.

Please welcome an *official* new member and add her to your yearbook.
