And you can take home your gift bag of bulbs!

This meeting will focus on both appreciation and recruitment!

THANKS TO YOU! Our dedicated members! our gardens are thriving and so is our Club! We want to acknowledge everyone and their hard work with a pizza party on November 12. We will provide lunch at 12;30 to thank all our members and their continuing contributions.

We will hear from Past and current Ways and Means Committee chairs. They will review our wreath sale history and sale procedures.

We have been blessed with these talented women willing to take a leadership role in Sustaining our organization.

Terri White and Pat Gifford were Ways and Means o-chairs in 2020 when covid changed the world, and our holiday wreath sale needed to change, also. They will talk

about how they got permission from the Town to use the Train Station and change the delivery plan to a “grab and go”!

Sharon Smith and Sue Kilroy are past and current co-chairs. We thank them for embracing technology and streamlining the payment process. They had to find a new wreath supplier and deal with transportation issues. As we move forward, we have these wonderful women to mentor the next Ways and Means Team.

Please consider this opportunity to be an apprentice with them. We need women to commit to be our future leaders and sustain our club.

Please sign up to make our '24 Wreath Sale a super success!

WOLFEHENG TOUR!

The reviews are in, It was a fabulous tour right here in our town. This is a local garden designed by James Brewer. James worked with the private owners and adjusted his schedule to provide us with a great experience on a beautiful day. In order to accommodate the number of club members interested in touring, we had to schedule two sessions. We are grateful to everyone (Kim Espinosa, even with knee surgery) who worked to make this tour a success.

So Much news....so little time! We are an ACTIVE club!

From Martie Lincoln, Beautification 2024

I believe this year the WGC gardens did extremely well. Many NEW members filled out our teams and added much needed support. The weather was better than other years.

I want to thank all the Garden Chairs for their hard work, creative ideas and knowledge. Without the support of physical and financial resources, these gardens would be very difficult for the Town to keep up. Pat Gilford and Sarah Hall were the new Chairs of the Dockside Gardens. They did a fantastic job!. Beverly Kerins was a wonderful support and helped with any questions. Thanks to All of You!

The Dockside Gardens will be tended through October 15, weather permitting, since we have many tour busses through October. Thank you for your dedication and hard work. Martie
