

HEAVY DUTY

# RUGGED NOTE COUNTING MACHINE

Built for Accuracy. Designed for Reliability.

## HIGH ACCURACY

Advanced vacuum suction system ensures precise counting.

## HIGH SPEED

Counts up to 100 notes in just 3.5 seconds.

## HEAVY DUTY BUILD

Rugged steel body and ABS top cover for long-lasting performance.

## SMART MODES

Batch, Add, Free, Stamp and Self-diagnostic modes.

Yutons®

MODEL

# 1212

## ★ ADVANTAGES

- Counts note size length 90 ~ 250 mm, width/height 45 ~ 185 mm.
- Counts all types of notes accurately.
- Special individual add / accumulation memory for all modes.
- Special ADD mode & accumulate up to 5 digits i.e. 99,999
- Useful for bundled note or loose note counting.

## 🕒 STANDARD FEATURES

- Vacuum suction based technology with five suction spindles
- Auto and manual control of counting
- Check, Batch, Free and Stamp mode of counting
- Advanced self diagnostic mode
- Low noise operation
- High reliability and versatility
- Special dust collecting filters
- Steel body with ABS top cover
- Special one inch four digits turret / customer display

(All specification & dimensions are subject to change without notice)

## ⚙️ TECHNICAL SPECIFICATIONS

|                     |                                                  |
|---------------------|--------------------------------------------------|
| Counting System     | : Vacuum Suction Type                            |
| Counting Speed      | : 100 notes / 3.5 Sec                            |
| Working Voltage     | : AC 200-240 V, 50 Hz                            |
| Spindle Motor       | : 230V; 50Hz; 1440 rpm; 25 watts                 |
| Holder Motor (Gear) | : 230V; 50Hz; 1440 rpm; 25 watts                 |
| Vacuum Pump         | : 230V, 50 Hz; 350 watts                         |
| Power Consumption   | : Operating 375 W (Approx), Standby 7 W (Approx) |
| Relative Humidity   | : 10 to 75%                                      |
| Temperature         | : 0-50 Deg C                                     |
| Noise Level         | : 70 dB (Approx)                                 |

|                             |                                                    |
|-----------------------------|----------------------------------------------------|
| Note Holding Capacity       | : 200 notes                                        |
| Counter                     | : Advanced electronic / Electro mechanical counter |
| Dimension (W x D x H) in mm | : 450 x 280 x 770 (including castors)              |
| Weight                      | : 34.5 kg                                          |
| Dimension (W x D x H) in mm | : 330 x 420 x 240 (including castors)              |
| Weight                      | : 30.5 kg                                          |
