CYCLE FOR CHANELLE

GENERAL INFORMATION

Cycle for Chanelle is happening on the first weekend in June to raise money for ongoing cancer treatment for Chanelle; a 35-year-old wife and mother of two young children. In 2020 she was diagnosed with stage 4 Colon Cancer after 12 months of being consistently misdiagnosed.

Due to the cancer's aggressive nature, Chanelle underwent countless months of invasive chemotherapy and had numerous major surgeries. Despite it all, they continue to fight and shape their lives and future with hope.

With your help, Chanelle has an opportunity to keep on fighting while being surrounded by her loving family.

You can find out more information and register for the bike ride or support crew online at savechanelle.com/cycle-for-chanelle and follow the prompts.
