## GOOD NEWS!

**by Laura McGinty, CEO & Founder**

As you all know we completed the DPS "**New Age Digital**" course this month with fantastic results. we had 24 learners who started on the programme and just under 90% of those learners completed the course, we also secured 4 job outcomes. Huge well done to the tutors and to the learners, we are very proud of them all!

Having just secured another DPS contract for "**The Spectrum & Me**" due to start this month in Central Scotland region. This is about supporting learners with mild to moderate autism in their journey into future employment, This course will provide the learners with invaluable skills and knowledge to support them in their journey into employment.
