

# Family Connection Opportunity Center

Expanding facilities to better pursue our Mission:

- Caring for families
- Connecting with resources
- Collaborating with key organizations

---

The Opportunity Center will enable new programs and services:

- A foster care visitation center so foster children can spend quality time with loved ones, in a comfortable, welcoming environment.
- Private meeting space for consultation and support for Food pantry clients
- Flexible, open space for future growth in services to our community

---

The Opportunity Center will enhance current programs and services:

- An upgraded mid-size conference room available to Family Care, AA and Al-Anon support groups as well as early learning programs and other community organizations
- Computer workstations for client use
- Efficient upgrade to staff office space, accomodating an additional program coordinator position with no increase in office footprint
