

2021 Schedule

CHI Memorial Mobile Health Program makes it easy to get your annual mammogram screenings.

All women should have a baseline screening between the ages 35 to 40, followed by annual screenings.

You must have your doctor's full name, driver's license, or state ID and insurance card.

No Insurance? No Problem!
Screening mammograms are covered for eligible women year-round. Financial assistance for those who are under-insured.

More information and forms available at
memorial.org/MELBCMmobile

No restrooms on the coach

Fannin County Family Connection (9a-3p)

501 Fannin Industrial Park, Blue Ridge, GA 30513
