HIGHLAND RIVERS HEALTH provides a unique set of services across a 12-county region of northwest Georgia and is always looking for talented, compassionate and hardworking individuals who want to make a positive difference in the lives of the approximately 16,000 individuals we serve each year. While delivering top-quality clinical services to help individuals live the best lives possible remains our priority, the operational infrastructure that supports service delivery is no less essential.

Highland Rivers Health is safety-net provider contracted by the State Department of Behavioral Health and Developmental Disabilities (DBHDD) to deliver services to individuals in need, including uninsured and under-insured populations. Services are delivered in a variety of locations such as outpatient clinics, residential treatment facilities, crisis stabilization/detox centers, schools, clubhouses and community locations including individuals’ homes.

Highland Rivers employs a team of nearly 600 professionals that includes mental health and addiction counselors, social workers, physicians, nurses, program managers, case managers, residential managers, administrative assistants, and a variety of other support staff positions.

Highland Rivers Health is an equal opportunity employer and does not discriminate with regard to employment, compensation, place of work, or promotion because of race, color, religion, disability, gender, sexual orientation, genetic information, age or national origin.

ONE COMMUNITY ADVANCING MIND, BODY AND HEALTH
