**#SAC26**

# About The Scottish Aesthetic Conference

Celebrating its 4th year, this highly anticipated conference attracts over 200 medical aesthetic professionals from across Scotland. Each year, the exhibitors' area is fully booked out, showcasing the event's popularity and we would love you to be part of the event in 2026.

With a jam-packed programme featuring keynote speakers, industry panels, dedicated breakout sessions and an exhibitor area this event offers the perfect platform to elevate your brand and stay ahead of emerging trends.

## Put Your Company Name In The Spotlight 5 Great Reasons to Attend:

- 1. Meet New Customers & Strengthen Bonds with Existing Customers** – Showcase your products, services, and innovations to over 200+ medical aesthetic professionals who are already established or those in the early years from throughout Scotland in one day. This is the event to catch the Scottish Medical Aesthetic community at and rapidly expand your database of sales leads
- 2. Showcase innovation** – Launch new treatments or technologies in front of a targeted audience
- 3. Connect with Decision Makers** – Build relationships with decision-makers, clinicians, and industry leaders.
- 4. Increase Brand Awareness** – Gain high brand visibility in a vibrant, engaging setting
- 5. Position your business at the forefront** of trends within Scotland's growing aesthetic market

*“This is my second time at SAC – an important event in my calendar, as the major meetings in London are great but not everyone can make those due to cost, family, work etc. The meeting is very well executed with fantastic subject matter and great keynote speakers, it really does give the Aesthetics industry in Scotland a chance to both shine and for exhibitors and delegates alike an opportunity to catch up and have the face-to-face time which is always hard to get due to hectic workloads. I will look forward to the next SAC with great enthusiasm and will endeavour to support fully the excellent work that Carolyn and her team do to promote / support / educate our industry.”*

**Frank McGraw**, Product Manager
