- Full internal decoration
- Full FF&E package
- Testing, commissioning and handover

The Challenge

Delivering a complete specialist teaching-space refurbishment within a fixed four-week summer half-term programme required careful planning and sequencing. Multiple trades had to be coordinated to install cabinetry, surfaces, flooring, hygienic finishes, M&E services, extraction and FF&E, while ensuring the facility was ready for use at the start of the new term.

Outcome

TDP Group successfully delivered a fully refurbished and modern Food Technology teaching environment at City of Norwich School. The completed project provides a durable, hygienic and functional space with upgraded services, bespoke cabinetry and a complete FF&E package, ready for staff and students to use.
