casey's news

If you're a frequent Casey's General Store customer, they have just announced they have made an enhanced their mobile app for their loyalty members. The upgrade will make it easier to track your points, redeem your points for rewards, and a shareable referral code to invite friends to earn bonus points.

bank fees

If we are unable to debit your account due to insufficient funds, a \$30 fee will be applied to your account. If we are unable to debit your account due to incorrect bank information, there will be a \$15 fee applied to the account. ***These are bank fees that come directly from our bank.*** We will apply these fees on the following month. If we do happen to get a return for a payment, your card will also have a 10-day hold placed on it as well as these bank fees.
