

We are Immediate Responders. Our immediate response team finds and secures immediate help for single parent family units whom require help now. It has been verified that these single parent family units spent time wisely applying for help with numerous sources and have run out of time. These single parent family units will have nothing for Christmas due to the severity of the financial hardship. For your help with services and monetary donations, you will receive a tax-deductible receipt thru the Long Life Friends Charity.

Thank you and all the best,
Jessica Long, Founder

Here is a list of these needs:
