Maintenance Free Continuous Duty Design

The omni-directional, maintenance free design ensures this siren has the lowest operating cost in the industry. Sentry Sirens are rated for continuous-duty operation in emergencies.

MADE IN USA

All Sentry Sirens are proudly manufactured in the United States at our Colorado facility. Each siren is hand built, assembled, and thoroughly tested before leaving our facility.

Since 1905, Sentry Siren has proudly set the standard for hand-made warning sirens in the United States and around the world.

SENTRY SIREN Inc.

Model 7V8

"We are so pleased with our selection of *Sentry Siren, Inc.* as our warning system supplier. The Performance of our Sentry Siren is impressive; they are very reliable and loud. And the customer service they provided is second to none. We would highly recommend Sentry to anyone looking to invest in their community with a warning siren system."

Roger Swint - Fire Chief
