

Join the Great Backyard Bird Count at the Tubac Nature Center!

Use your birdability skills in a worldwide project to understand and protect bird populations and diversity.

**Saturday, February 14
from 8 am to 1 pm**

The watching area is organized to be completely accessible, with great views of the Nature Center's bird feeders right from your car, chair, or the Center's picnic benches.

Tubac Nature Center, 50 Bridge Road, Tubac

With the the Cornell lab of Ornithology, the National Audubon Society, and thousands of groups around the world, Tubac Nature Center is participating in this year's "great backyard bird count". Just a few of the birds we'll count include Lesser Goldfinch, House Finch, Lazuli Bunting, Phainopepla, Western Bluebird, Say's Phoebe, Black Phoebe, and Anna's and Broad-billed Hummingbirds. Be part of this fun and important event!

Birding is for every body!
