MINA II

In 2017, Mina II completely refitted, reinforced and re-designed as per the latest hardtop design.

This elegant Mangusta 107 has 4 spacious cabins (1 Master, 1 VIP, and 2 double cabins- one also including a double-decker), accommodating 9 privileged guests in utmost luxury. All these have en-suite bathrooms, along with a separate guest toilet, plasma televisions, and other various entertainment systems. It must be highlighted that she

has been maintained and refitted on a yearly basis by the professional permanent crew on board.

Henceforth, her condition - be it interior or exterior - though built in 1998 - looks and feels like a new astonishing and efficient luxury performance motor yacht.

Taking into consideration that she has run less than 2.000 hours, she is consuming only 450 litres at a cruising speed of 20-22 knots and her maximum speed is 25 knots, thanks to her excellent rationally chosen twin Mtu motors with Kamewa jets.

EXTERIOR

Of course, if guests prefer to enjoy sunbathing while also feeling the wind created through the speed of a Mangusta, the head of the yacht has a space with lenient cushions built in, along with a soft cover to block out the sunshine.

With the bar close to the dining table, it is simply impossible not to relax, or be entertained.

Next to the cinema laying area, despite the main saloon offering a large sitting area with wonderfully arranged lighting covered in fine quality carpets and leather, guests who wish to dine al-fresco may use the outside seating area, which offers ample space for up to 10 guests.

The main deck of this motor yacht involves a large, oval Ottoman seating area, of which the main sofa also turns into a hot tub, for your convenience.

INTERIOR

Last to be designed by the famous Italian designer Gianni Versace himself before he passed away, the interior oozes of fine Versace details in each and every amenity onboard, along with finely carved, smooth rosewood and gold lamps, making it the perfect venue for fine dining.

The combination of teak, and marble from room to room offer a variety of style and finish.

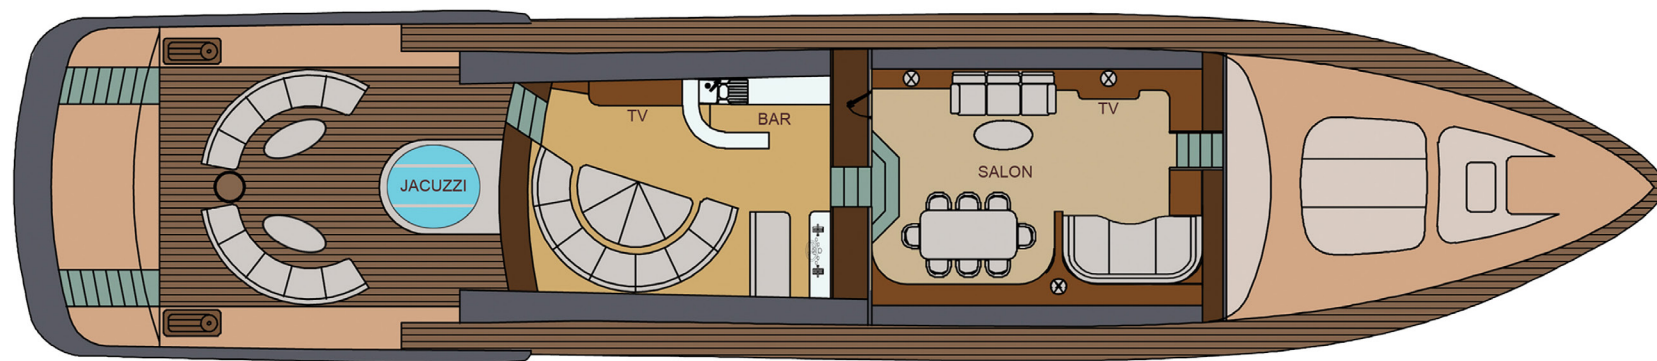

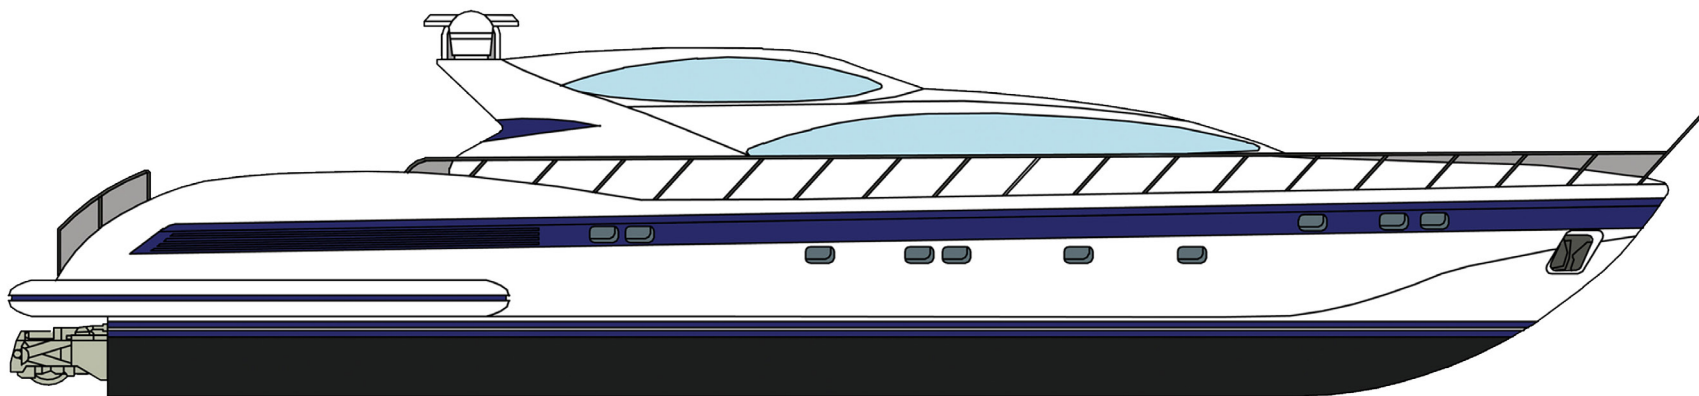

The Owner's suite, located at the end of the Mangusta 107 Yacht in order to enjoy privacy at the upmost quality, comprise of a minibar, a plasma TV, an incredible entertainment system with the latest technology, as well as a dressing room, a vanity table, and sofas made of fine, soft leather.
