GARMIN

Srixon is a brand owned by Sumitomo Rubber Industries, Ltd. Srixon offers a full range of golf clubs, golf balls, and accessories, which are distributed in nearly all major golf markets. Srixon is dedicated to improving your game. We are a global leader in equipment and innovation, and we use our passion and expertise to develop products of the highest quality and performance that fit a wide range of players – including many of the world's top professional players. Srixon is a registered trademark of Sumitomo Rubber Industries, Ltd.

Cleveland Golf is a brand owned by SRI Sports Limited, a subsidiary of Sumitomo Rubber Industries Ltd., specialising in golf equipment. Based in Huntington Beach, California, Cleveland Golf began as a company known for producing replicas of classic golf clubs. Roger Cleveland founded the company, which was first called Cleveland Classics, in 1979. Persimmon woods like the TC15 became very popular on Tour, as did many Cleveland Golf wedges.

XXIO (pronounced zek-si-oh) is one of the world's fastest growing premium golf equipment manufacturers. With the highest quality materials and revolutionary technologies, XXIO products are painstakingly crafted for the discerning golfer with a moderate swing speed. Rather than cater to golf's most advanced players, we design golf clubs, balls, and accessories for the exclusive benefit of those who use them – our customers. XXIO engineers stop at nothing in the pursuit of excellence. The result is a family of products that helps moderate swing speed golfers increase enjoyment of the game with lower scores and better performance.
