95210 Kids on the Go!

Promoting Health and Fitness in Schools

The **95210 Kids on the Go! Program** is an initiative launched by the NCH Safe & Healthy Children's Coalition with Collier County Public Schools in 2012. This program aims to increase physical activity and reduce obesity rates among children. What began in Spring 2012 at two Title I elementary schools in Collier County, has now expanded to over 30 elementary schools across the county.

Marathon Challenge for Young Participants

The core of the 95210 Kids on the Go! program involves children running a cumulative total of 26.2 miles, equivalent to a full marathon, throughout the school year. **Health Champions** at each school provide encouragement and track the children's progress towards achieving their goal. Running sessions are organized on school grounds either before or after regular school hours, ensuring that all children have the opportunity to participate.

Celebrating Achievements

Children reaching the 26.2-mile goal earn the opportunity to participate in a final celebratory mile run at the local feeder high school. This **Final Mile** event is a significant milestone, where parents, teachers, and local officials gather to cheer the young runners. Each child who completes the run receives a commemorative t-shirt and a medal, along with fresh fruit and water to celebrate their accomplishment.

Success Story

One inspiring success story from the program is that of Bernardo Barhart Jr. Discovering his passion for running in the 4th grade through the 95210 Kids on the Go! Program, Bernardo has since gone on to achieve remarkable feats, including competing in the Junior Olympics Championship.

His dedication to running has earned him a full-ride athletic scholarship to Florida State University, where he continued to pursue his passion in the fall of 2023. Bernardo credits the program for instilling the foundational principles that have guided his journey:

“At my elementary school, they have a 95210 program and that’s when I started running,” he said. “I realized I could go pretty fast and loved doing it.”

You can watch a video about Bernardo's story by scanning the QR code.

Participating Elementary Schools

Avalon, Big Cypress, Calusa Park, Corkscrew, Eden Park, Estates, Everglades City, Golden Gate, Golden Terrace, Gulf Coast Charter Academy South, Herbert Cambridge, Innovation Academy, Lake Park, Lake Trafford, Laurel Oak, Lavern Gaynor, Lely, Manatee, Mike Davis, Naples Park, Osceola, Palmetto, Parkside, Pelican Marsh, Pinecrest, Poinciana, RCMA Immokalee Community Academy, Sabal Palm, Sea Gate, Shadowlawn, Tommie Barfield, Veterans Memorial, Village Oaks, Vineyards

In the 2024-2025 academic school year, 2,355 students participated!

As of 5/1/2025

Building a Healthier Future Together

Since its inception, the 95210 Kids on the Go! Program has become a beacon of positivity for over 26,161 children, hosting 52 final mile events that go beyond just physical fitness. Participants have not only developed endurance and self-confidence but have also embraced the healthy lifestyle principles of the 95210 Let's Go! Campaign. Schools report enhanced student behavior and attention, underscoring the program's influence on overall well-being.

This initiative reflects the power of community in nurturing healthier, more active children. By promoting physical activity and healthy habits, we've seen a tangible decrease in childhood obesity and a rise in community engagement. Local businesses and organizations have united to bolster these efforts, weaving a resilient network of advocates dedicated to children's health. Together, we're not just running miles; we're paving the path for a vibrant, dynamic future.

Partner Organizations

The success of the 95210 Kids on the Go! Program is largely due to the collaborative efforts of various partner organizations. These include local health departments, municipalities, community centers, and businesses that provide funding, resources, and support. These partnerships have been instrumental in expanding the program's reach and ensuring its sustainability, allowing more children to benefit from its positive influence.

Who We Are

Working to Keep Collier County Safe & Healthy

Recognizing that a coordinated approach will have a greater impact on preventing and improving children’s accidental injuries, health and safety issues, over 50 child-serving non-profit and government services agency providers joined efforts to create the NCH Safe & Healthy Children’s Coalition of Collier County.

The Coalition provides a conduit for coordinating individuals, agencies and business to address the major issues adversely impacting Collier County children.

We are data driven and collaborate with key partners like the District Twenty Medical Examiner and Florida Department of Health in Collier County to prioritize injury and health related areas. The three leading issues we focus on are drowning, SUIDS/Other sleep-related infant deaths, and childhood obesity.

Mission

To facilitate and implement programs to combat childhood obesity, prevent childhood drowning, and reduce SIDS.

Vision

To improve the health outcomes and prevent injuries among children 0-18 years of age within Collier County.
