

Weight Loss Program Details

Requirements Prior to Starting Program:

Patients must bring a copy of their most recent lab work (within the last 6 months) with them to their first visit showing: kidney function, a liver panel, and a fasting blood sugar (included in a Comprehensive Metabolic Panel – CMP) as well as a Thyroid Panel (TSH). Additional lab work may be ordered at the discretion of the provider.

Required Visits:

Initial Consult: **\$50 plus cost of medication**

- Review/order necessary lab work completed within last 6 months
- Medical Clearance
- Medication Education

4 - 8 Week Follow-Up with Health Coach: **\$50 paid at initial consult**

- 25 minute 1:1 session with Katie Brisbee MS, RDN, RT(R)(CT) a registered dietician to review your lifestyle change progress since starting the medication.
- additional 1:1 sessions are available with participating in-network insurances, or out of network packages are available. **(479) 208-7057** katie@nourishthrivedietetics.com

Routine Follow-Up with Physician

- Review progress, medication dose and reorder medication
- Patient prepays for medication before ordering

3 Month Initial Lab Follow-Up

- With Physician to order initial lab work and review progress
- Depending on initial lab results, blood work will be monitored every 3 – 6 months

EXTRAS:
