

#### **FIXED ROOF TANKS**

- ENHANCED CARBON CAPTURE BEYOND YOUR ROOF & VAPOR REMOVAL
- INCREASE YOUR NET VOLUME AND BTU OF GASES  
ALLEVIATES MANY OF YOUR O2 ISSUES
- ALLOWS YOU TO SELL "BAD" OIL
- ALLOWS YOU TO TREAT BAD OIL CORRECTLY
- ALLOWS TANK SPACE TO CONTINUE OIL PRODUCTION WHEN DEALING WITH BAD OIL
- CAN DETECT AND EXTINGUISH TANK FIRES IN SECONDS AUTOMATICALLY AND UNMANNED
- FIRE DEPARTMENT CAN EXTINGUISH FROM A SAFE DISTANCE
- CHANGE THE TANK ATMOSPHERE FROM FLAMMABLE TO INERT
- GROUND THE LOAD INSIDE THE TANK

#### **FLOATING ROOF TANKS**

- CAPTURE VOLATILE GAS UNDER THE FLOATING ROOF & KEEP IT FROM ENTERING THE ATMOSPHERE
- REMOVING THE H<sub>2</sub>S UNDER THE FLOATING ROOF INCREASES THE LIFE OF A TANK BY DRASTICALLY SLOWING CORROSION
- INCREASE YOUR NET VOLUME AND BTU OF GASES
- CAN DETECT AND EXTINGUISH TANK FIRES IN SECONDS AUTOMATICALLY AND UNMANNED
- CAN PUSH NITROGEN UNDER THE ROOF AT ANYTIME AT ANY LEVEL
- GROUND THE LOAD INSIDE THE TANK
- CAN LEGALLY PUT TANK ROOF ON LEGS WITH THE XTT TOOL YOU ARE CAPTURING THE VAPOR
- REDUCES MANY CRITICAL RISKS
- LOWER YOUR INSURANCE PREMIUMS
- CHANGE THE TANK ATMOSPHERE FROM FLAMMABLE TO INERT ON START UP & INTRO PRODUCT
- CAN PERFORM TOTAL CARBON CAPTURE EVEN AFTER ROOF HAS LANDED

## **WE CHANGE THE INDUSTRY IN CARBON CAPTURE**

## **XTT THE ESG SOLUTION**
