Mission Statement

To gather for a shared meal
after 11am service and create
a sacred circle where trust,
authentic connection and a sense
of belonging can flourish.

We come together to listen deeply,
share openly and encourage
one another. Every woman will be
seen, heard, valued and supported.

Together we set the intention to
elevate collective consciousness
and be active participants
in creating a world rooted
in deeper love, peace, harmony
and compassion for all.
