The Grove

God Can Because God Knows
Job 42.2

"I know that you can do all things,
and that no purpose of yours can be thwarted."

The Point: God can do his will for his people because he knows our needs before we do.

The Question: So, why fast, pray, and ask?

Job says to God; you can do all things."

God has a perfect understanding

God knows his people and who will be his people

He is there for every trial, guiding our way and guiding us back when we have times of doubt.

The Touch of the Master 2: Aug 15, 2021 (#831)

Brother Job had a rough year. The estimated timeline for Job's trial is nine to twenty-four months. He lost children, property, estate, and there were boils and itching. His wife called him a fool for honoring God and keeping his spiritual integrity. His three friends did not show him compassion or pity. Instead, they tried to convince him he was a sinner deserving punishment. God does not allow trials to see how we do—he knows—he shows the sufferer and observers and others how they do in the test. In trials, we feel the touch of the Master's hand.

God hears every whisper and cry of prayer—formal and informal. I judge informal prayer as most important. God sees every step, whether in light or darkness. No, God does not have the five senses, but he *observes* all; God knows the past perfectly, *sees* the present in minute detail, and has a perfect vision of the future.

The LORD knows the content of every heart and the purity of every motive. Psalm 44.21

He opened the womb of Sarah and made his word come to pass. Gen 18.14.

You are never alone in the darkest night of the loneliest road.

He knew and warned the first couple about the Tree of the Knowledge of Good and Evil. Gen 2.14

Did God know if you would choose the gospel? Rom 8.29 and Rev 13.8 Does he know if you will reject grace?

Why fast, pray, and ask? Matt 6.8

As the song goes, "He's got the whole world in his hands."

Be still and know that I am God. Psa 46.10

The Master's touch can be felt in the heart and sensed in your spirit.
