

Lois Bravo presents her photography

Lois Bravo retired to Sierra Vista in 2009 from the Seattle, Washington area. The hummingbirds ignited her interest in capturing these fast moving birds in her photography. Now she has expanded her venue to quails, hawk, roadrunners, owls, butterflies, cactus, landscapes and of course, the sunsets and sunrises.

She was encouraged to join the Huachuca Art Association. She is now their bookkeeper, Vice President and has taken a chair role for Art in the Park 2014.

To purchase any of her photos, you may contact her at 520-803-0584.
