

## Vesta Cawley

To introduce myself. I was born and raised in San Francisco in 1949. Culture and art all around me. A great influencer.

Came to love watercolors. The unforgiving format of this art form. Your brush hits the paper, you are committed.

Married a Tucsonan in 1978. Met in Dallas and moved around some, finding AZ the state we liked best.

Lived in our last home in Tucson for 25 years. After retiring we purchased a motor home in 2011 and found the need to downsize.

We moved to a new tiny home, here in Benson, and have been here since 2017.

Having limited wall space for paintings, needed to expand my interest to other art forms. Working with glass, jewelry, metal and so much more
