

Beautifully Made Art

Required materials for online art classes (all item # are from Blick)

As many of you know, the health and safety of your children is very important to me. I work hard to research materials that have the least possible negative effect on their health and the air quality of your home. This is why I specify certain brands in some cases and know their ingredient lists are safe and age appropriate for your children.

**See the bottom of the list for optional upgrades
