

Kwartaal 1

Proverbs 16:16 says that having wisdom and understanding is better than having silver or gold. Nice and expensive items can be enjoyable, but there are very few things in life that can never be taken away, will never go out of style, and that truly make you a better person. An education is one of those things.

Kwartaal 2

2 Timothy 2:15 tells us that we should study and show God that we understand truth. This verse refers to knowing God's word and being able to point out false teachings and philosophies, but it applies to education as well.

As a student, you should indulge yourself in your work and be the best you can be. Take your classes seriously by preparing for them and staying a step ahead in your work.

Kwartaal 3

Matthew 6:33 says that above all things in our lives, we should seek God, and everything else will be provided for us. As important as education is, it should never come before your relationship with God.

When we put Him in front of all of our concerns and ahead of everything we do, we can trust that He'll look out for the other things. It's okay to get overwhelmed, but always take time to talk to God. Encourage yourself with prayer and reading the Bible. Never forget that God is near, He's willing to listen, and He's able to help.
