

More Learning with the Apex Advantage

Apex Learning digital curriculum is designed to actively engage students in learning. It combines embedded supports and scaffolds to meet diverse student needs, actionable data to inform instruction, and success management, to ensure you get the outcomes you're expecting.

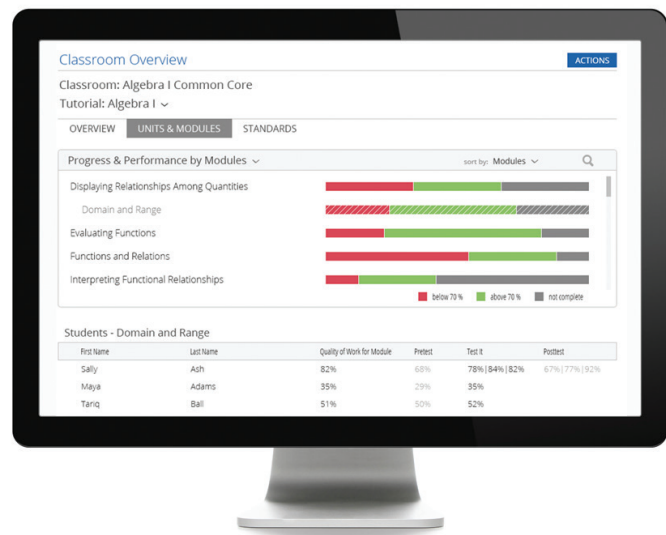

Effective Curriculum

- 1 Comprehensive course catalog, including credit recovery, original credit, honors, Advanced Placement®, CTE, world languages, foundations, and electives
- 2 Adaptive Tutorials personalize instruction and remediation for Multi-tiered System of Supports, RTI, content recovery, and high school readiness to third-grade skill levels
- 3 End-of-Course, ACT®, SAT®, TSI, ACCUPLACER®, GED®, and HiSET® exam preparation with Adaptive Tutorials
- 4 Curriculum built from the standards
- 5 Supports and scaffolds that make rigorous standards accessible to all students
- 6 Instruction based on Universal Design for Learning principles
- 7 Active learning approach allows students to observe, inquire, create, connect, and confirm
- 8 Frequent formative assessment provides immediate feedback to confirm students' understanding
- 9 Assessment item types mirror state and national high-stakes exams to prepare students for success

Actionable Data Informs Instruction

- 10 Intuitive dashboards provide access to real-time progress and performance data
- 11 Robust reporting makes it easy for educators to observe mastery
- 12 Personalized learning plans make differentiation and remediation easier for teachers
- 13 Pacing calendars auto-generate to keep students on track based on district or school pacing
- 14 Weekly reports automatically emailed to families, counselors, and mentors

Partnership for Success

- 15 Implementation Success Managers develop educator capacity to optimize results across district programs
- 16 On-demand teacher support and unlimited access to Educator Academy and user support
- 17 State-certified, highly qualified teachers provide instruction through the Apex Learning Virtual School
- 18 Integration for single sign-on, user registration, and data exchange
- 19 LMS and curriculum upgrades and updates included

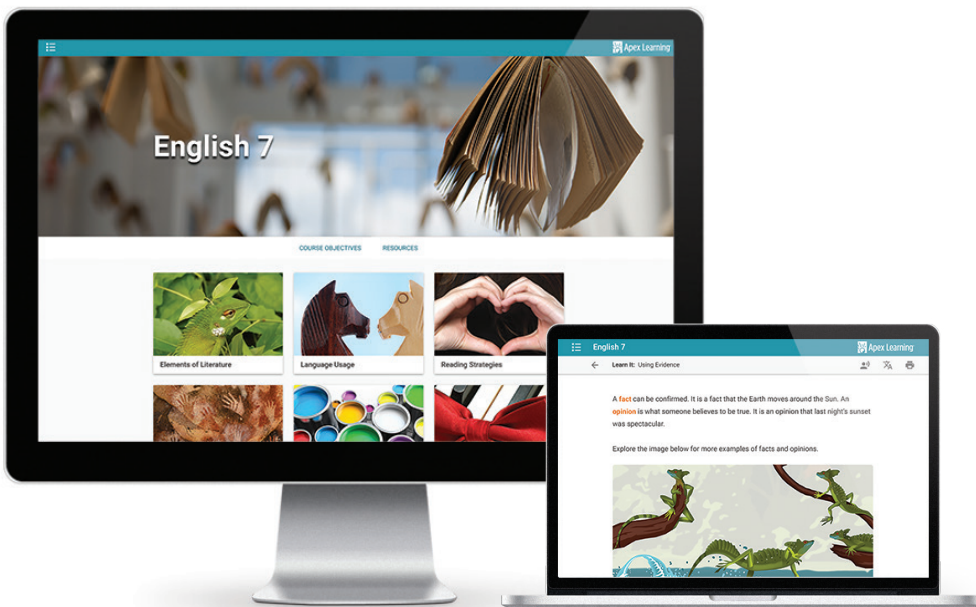

Results

- 20 True efficacy is shown in quasi-experimental studies conducted by third-party groups and school district researchers, in comparison group design, and when using high-stakes exams as outcome measures. They all prove that more learning happens with Apex Learning digital curriculum.

Accredited

- 21 AdvancED accreditation, NCAA-approved, College Board authorized AP® courses, WebbAlign DOK partner certified, iNACOL member, and approved by state and national review organizations
