CAPABILITY STATEMENT

GS1 Consulting - Your Trusted Managed Service Provider

GS1 Consulting, established in 2018, is a certified minority woman-owned business operating in Indiana and Virginia.

At GS1 Consulting, we connect talented professionals seeking contract work with short-term roles that allow them to contribute to impactful projects within reputable government agencies. Specializing in project management and IT consulting services, we offer agile and scalable solutions tailored to the unique needs of our clients, ensuring seamless integration of skilled resources to support your project goals.

Our comprehensive services include sourcing, onboarding, and temporary staff augmentation, providing the flexibility and expertise needed to execute critical initiatives—without the overhead of traditional employment models. Whether you're a professional looking to grow your career through contract opportunities, a large federal prime contractor looking to bolster your staffing capabilities, or a government agency seeking dynamic project support, GS1 Consulting is committed to delivering results-driven solutions that help you achieve your goals.
