

Rector Ministry Description

Christ the King Church (San Diego, ctksd.org) is Christ-centered, scripturally rooted, two campus church body; a closely bonded group of mature families building the church in the communities of Poway and Ramona, California. We have a heart for the Lord and desire to love others and benefit our community; our primary goal is to increase our ministry to families with growing children. We are looking for the rector God has already set aside for us who will help us accomplish this goal as well as lead us into our next phases of Mission, Ministry, Worship, Evangelism, and Discipleship.

A good candidate will be a Biblically faithful, mission and vision driven disciple maker who is open and approachable and able to communicate effectively with all age groups. Personal piety in the rector's devotional life is essential.

Mission and Ministry:

- A well-trained and strong laity, mobilized for mission and ministry
- A church body strengthened and encouraged to focus outwardly and grow as a sent people; our Rector will have the knowledge, heart, and strength for equipping our laity in their call to service in the world
- Acquire and utilize community resources to promote and provide a Spanish language service in both Poway and Ramona
- Increased understanding of the needs and becoming an integral part of the two communities we minister to; growing as a church body in both

Worship

- Core Anglican identity maintained while seeking to meet the personal and cultural needs of our two congregations
- Enhanced worship through technology and God-honoring music
- Our heart is for Eucharistic, Scripture-based worship; our Rector will help us grow in understanding and appreciation of this core element of our worship life
- Preaching and teaching on the firm ground of Biblical Truth, applicable to today's social and cultural issues

Evangelism and Discipleship

- A church body that understands and is able to articulate the power of living the Christian life
- Strategies developed and implemented to reach the lost and unchurched; tailored to the specific talents and needs of each community
- Resources developed and available for new church members and first-time attendees
- Ongoing discipleship curriculum including that which supports marriage, families, and children

Pastoral Care, Ministry Management, and Administration

A Candidate should:

- Have a heart and love for the sheep he/she leads
- Exhibit wisdom in balancing provision of pastoral care vs the needs of the whole church
- Equip, train, and encourage laity to provide care for fellow congregants
- Communicate and write well
- Be a lifelong learner

- Demonstrate comfort with a healthy level of shared leadership
- Be a collaborative team builder
- Exemplify moral conviction with compassion and grace
- Be mission driven
- Possess a sense of humor as together we face our human foibles with an awareness of God's Grace
- Have flexibility and an intuitive understanding of the dynamics of leading two separate campuses
